

Fiberoptic endoscopic evaluation of swallowing (FEES)

16 & 17 September 2019

18 September 2019 (optional half-day workshop)

FEES is well established as an instrumental tool for both the evaluation and treatment of swallowing difficulty. This course presents a unique opportunity to focus on both the interpretation of FEES examinations and the formulation of treatment plans for patients with swallowing difficulty arising from a variety of aetiologies.

Duration: 2 or 3 days

Fees: 2 days - £295 before 16th August / £345 thereafter
3 days - £350 before 16th August / £400 thereafter

Venue: Imperial College London, South Kensington

The course also includes an additional optional workshop for those who wish to learn how to pass a nasendoscope for the purposes of FEES.

The course will include:

- Tips to facilitate passage of the nasendoscope
- Case studies
- FEES protocol
- Optional workshop where participants will have the opportunity to pass a nasendoscope

Course Directors:

Dr Margaret Coffey and Dr Justin Roe

Speech and Language Therapists, Imperial College Healthcare NHS Trust
