

Imperial College
London

World Challenges and Innovation Summer School

For visiting international
undergraduate students

See how a university that's
ranked the most innovative in
the UK – and second in Europe
– is helping to change the
world for the better

Reuters' Europe's Most Innovative
Universities 2017

Imperial College London is filled with people who work at the frontier of discovery in making the world a healthier, safer and cleaner place to live.

Take your place this summer for a unique insight into the work of these pioneers who are revolutionising our approach to some of the world's biggest challenges:

- ▶ Learn about the latest advances in climate change reduction, global health, cyberspace/digital media security, data science, and robotics.
- ▶ Tap into the knowledge and inspiration of the next generation of entrepreneurs.

Plus:

- ▶ Network with some of the most academically outstanding students from around the world.
- ▶ Apply your new-found knowledge to a multi-disciplinary team challenge.
- ▶ Visit Tech City UK – the UK government-backed initiative aimed at turning London's East End into a world-leading technology city to rival California's Silicon Valley.
- ▶ Boost your English language skills.
- ▶ Enjoy a busy social programme in the UK's best student city.

WHEN:

Monday 6 – Friday 17 August 2018

Optional Pre-session English course to further develop your language skills:

Monday 30 July–Friday 3 August 2018

WHO:

Visiting international undergraduate students in the final two years of study

HOW:

Full-time academic and social programme, taught in English

WHERE:

Imperial College London,
South Kensington Campus, London,
United Kingdom, SW7 2AZ
