Project Fact Sheet

Name: Centre for Assisted Robotic Surgery

Location: Bessemer

Number: BESS1002b

Stage: Post-completion

Project Champion: Professor Guang-Zong Yang

Project Director: Professor Guang-Zong Yang

User Co-ordinator: Karen Kerr

Project Manager: Alan Isaacs

Project Update:

- Works completed July 2011
- In defects until July 2012

For more information please contact Alan Isaacs: alan.isaacs@mortimerisaacs.co.uk

Project Brief:

The purpose of the refurbishment is to renew and expand the laboratory space for Robotic Assisted Surgery at the South Kensington Campus as part of the Hamlyn Centre for Robotic Surgery. The overall programme incorporates both core research and translational research laboratories located at the Faculty of Medicine, St Mary’s Campus and the Faculty of Engineering, South Kensington Campus. The project is jointly funded by the National Institute for Health Research and the Wolfson Foundation. The works at St Mary’s are already underway and this project covers the works carried out in Levels 4 and 5 Bessemer Building only.

The project will consist of two phases:
- Refurbishment of entry into west corridor, corridor enhancements and reconfiguration of several offices on Level 4 of the Bessemer Building
- Refurbishment of the robotic surgery space on Level 5 of Bessemer including restructuring of the existing laboratory space, specialist equipment installation, entrance creation and services renewal.
