

1 How to change your browser settings

In order to show Dates in the UK format (e.g. 1/2/2019 = 1st February 2019) and not the American format, we request that you update your browser settings.

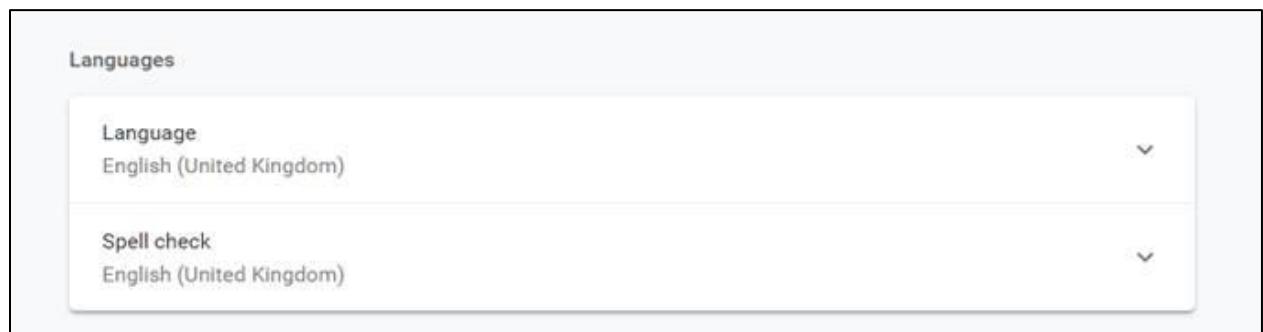

1.1 Instructions on changing Browser settings

1.1.1 Google Chrome

- If you are using Google chrome as your browser of choice, you will need to amend your settings to ensure that your dates are not in the American format. To do this:
 - Open Google Chrome.
 - Click on the three dots on the top right.
 - Choose settings.
 - Choose settings again in the top left (three lines).
 - Click on Advanced.
 - Click on languages.

- Check Language is set to English UK and delete any others. You may need to click on Add languages.

1.1.2 Firefox

- Open Firefox.
- Open Menu on the top right (three lines).
- Click on Options.
- Navigate to Content.
- Under Languages click on Choose.
- Ensure English (United Kingdom) is selected or click on Select a language to add to search and add it.
- Click on Ok.
- Ensure English (United States) is removed.
