

Orientation Information

for the use of new Visiting Students (non-degree)

This covers exchange and non-exchange study periods commencing at the start of the academic year (2023-24)

This document is produced by the Registry, Imperial College London.

You can find a contents list on page 2.

Welcome

As a visiting (non-degree) student you are one of many arriving from a variety of countries as well as from within the UK. We hope that your stay at Imperial College is an enjoyable one.

We look forward to welcoming students to our campuses in autumn 2023 for an educational experience that will maximise in-person teaching and on-campus project supervision throughout the academic year unless we are prevented from doing so by any fresh UK government covid restrictions.

As a university that offers a practical approach to learning, we are always very excited to be able to open the doors of our labs, workshops and other teaching facilities to our visiting non-degree students (such as our many exchange students). Perhaps your study plan is lecture/coursework/project based leading to examinations, or perhaps your focus is a project or research period, but whatever you are attending Imperial College to undertake do take advantage of the many extra-curricular activities that our own students engage in. Getting the balance right between study and recreation is always a challenge and more so probably for students from abroad (where experiencing a new cultural environment is likely to be a motivation for many students coming to Imperial College and London!) Above all we hope it is a time of discovery for you both in an academic and personal sense. We hope you are equally excited to be undertaking your mobility at Imperial College.

Some of the changes the College had to make to the learning experience over the period of the pandemic have worked well, and therefore the College has retained some of these approaches to enhance the overall experience on campus, for example, lectures, where these are relevant to a Visiting Student, may be hosted online when this method is deemed to be educationally beneficial to students.

Exchange students: An exchange student who has queries concerning their study plan should email the exchange co-ordinator in their host department. A list of exchange co-ordinators can be found here: <https://www.imperial.ac.uk/placements/student-exchanges/information-for-student-exchange-partner-universities/> and for further advice please refer to pages 14-20.

CONTENTS (sections):

Introduction	3 - 4
Understanding the College's webpages , and other communications which you might be sent automatically by the College ahead of your arrival. Download the Welcome App (but please read this orientation document before using the App)	4
How to locate Imperial College and a list of our campuses Quick Link: http://www.imperial.ac.uk/visit/campuses/ (South Kensington: http://www.imperial.ac.uk/visit/campuses/south-kensington/) Students living in a College Hall of Residence will receive an induction email which will provide bespoke travel guidance.	4 - 5
Term dates Alert: You should receive notification of the departmental welcome arrangements (from your host academic department) by Monday 25 September. See also the section entitled "Your host academic department".	5
Where to ask questions at Imperial College & other college level points of contact. Includes the Student Hub.	5 - 6
Accommodation Whether you have applied for College accommodation or not read this section. Quick Link: Moving into undergraduate halls of residence Quick Link: Preparation for students looking for private sector accommodation.	7
College registration/enrolment (all students) , including a statement on insurance Auto-emails are sent out from approximately 1 Sept advising on pre-arrival online registration/enrolment.	8 - 9
International students (Student visa holders: more than 6 months) Important information for all student visa holders	9 - 10
Student access to computer, email, and other on-line services Quick Link: http://www.imperial.ac.uk/admin-services/ict/new-to-imperial/students/ Important: use your Imperial College mailbox daily from now on (all College messages will be sent to your College mailbox).	10
College ID cards Read carefully so you know when your College ID card will be made available for collection.	10 - 12
Safety; taking care of possessions; what to do in the event of an emergency/incident Caution: You are probably new to both Imperial College and London. Take a moment to think about some serious issues.	12
Welcome arrangements: download the Imperial College London Welcome App For the week beginning Monday 2 October all visiting students should follow the instructions emailed to them by their host academic department. If you have not received these instructions by 25 September, please email a.hawksworth@imperial.ac.uk	13
Imperial College Union (ICU) , including the Welcome Fair & the ICU Erasmus Club All new exchange students will receive a welcome letter from the Erasmus Club during September.	13 - 14
Your host academic department: Induction, Discussing study plans (administration of study plans) & much more Alert: You should receive pre-arrival information from your department no later than Monday 25 September.	14 - 18
Documents (e.g. Certificates of attendance; Learning Agreements; Release of grades/marks; Transcripts) The information on release of grades/marks and the production of transcripts is very important. Retain this document for reference at the end of your enrolment.	18 - 20
English language support (The Centre for Academic English) Quick Link: http://www.imperial.ac.uk/academic-english/current-students/undergraduate/	20
Library facilities Quick link: http://www.imperial.ac.uk/students/new-students/undergraduates/arrivals-and-induction/library-and-it/ Quick link (Student Support Zone): https://www.imperial.ac.uk/student-support-zone/	21
Disability Advisory Service Quick Link: www.imperial.ac.uk/disabilityadvisoryservice Read about other support services in our Student Support Zone .	21
Health care in the UK	21 - 22
Various: College sports and leisure facilities and places to eat. General guidance on living in London.	22
Travelling in the London area. Important information for students using transport in London.	22 - 23
Making the most of your time in the UK: a few ideas!	24
UK bank accounts Quick Link: https://www.imperial.ac.uk/student-records-and-data/for-current-students/request-an-official-document/	24
Council Tax (for private accommodation) Quick Link: https://www.imperial.ac.uk/student-records-and-data/for-current-students/request-an-official-document/	24

INTRODUCTION

This document has been produced to help you (a visiting non-degree student, often an exchange student) to:

- (1) make sense of the information that is available on the College website and in other places.
- (2) to help you understand information provided by host departments.
- (3) to help you understand the services provided by the College.

Review the helpful 'contents' list on page 2.

Throughout this document we have highlighted important actions and sections in **bold** and **yellow**, but this is not exhaustive so do read the whole document. **Refer to this document throughout your time at Imperial College, especially about (if it is relevant to your study plan) how transcripts (official document details marks/grades and credits) are published.**

As a student at Imperial College a Visiting Student has the responsibility to inform themselves and to ask any questions.

Sometimes the College refers to "visiting students" as "occasional" students.

A few important notices to start with!

- The College's academic year commences on Saturday 30 September 2023 (for term dates see page 5). On campus engagement would normally commence from Monday 2 October. See "Teaching" below.
- **The College will continue to provide covid-19 advice:** <http://www.imperial.ac.uk/about/covid-19/>
- **Important:** use your Imperial College mailbox daily as soon as you have access (all College messages will be sent to your College mailbox).
- **[Download the Welcome App but read this document first!!!!](#)**
- **Accommodation:** read the section on page 7.
 - **Imperial College halls of residence** are **only** available to **eligible undergraduate** exchange students.
 - **Private housing:** <https://www.imperial.ac.uk/students/accommodation/private-accommodation/>
- **International students (non-UK/Ireland):**
 - important information/guidance for international students is included in the registration section (p.8-10)
 - **when can you travel to the UK?**

Answer: you can arrive before your course starts. This can be either:

 - > up to 1 week before, if your course lasts 6 months or less.
 - > up to 1 month before, if your course lasts more than 6 months.however, you must **not** travel to the UK before the start date given on any visa.
 - **when should you depart the UK?**

Answer: you should depart by the end date on your visa.

 - > **if your course is longer than 12 months:**

your student visa should expire 4 months after your course end date as given on your CAS.
 - > **if your course is between 6 – 12 months long:**

your student visa should expire 2 months after the course end date given on your CAS.
 - > **if your course is no more than 6 months:**

you need to leave the UK before your permission to be in the UK expires, so this will be 6 months after your course start date.
 - **you should not presume you can extend your stay.**
 - > seek guidance from your host dept and the College's International Student Support team.

- **Teaching** will be timetabled by each academic department. Teaching will often not commence until Monday 9 October, however, some teaching may commence as early as Tuesday 2 October. Exchange Students should refer to correspondence from their host academic department which they should receive no later than Monday 25 September. See also the section on pages 14-18.
- **Welcome activities will be provided in Week 1**, including the South Kensington campus-based Welcome Fair on Tuesday 3 October (South Kensington campus): **See pages 13-14.**

The Imperial College Welcome App and understanding the College's webpages plus other communications which you might be sent automatically by the College

(1) Auto-emails from Imperial College

As you are due to arrive at the start of the College's academic year, the College will email you (auto emails) about a.) tasks to undertake and b.) information of importance or interest, **but unfortunately** those communications do not normally differentiate between a new full-degree student and a new "visiting (non-degree) student, and this can sometimes lead to confusion on the part of the visiting (non-degree) student. **If you are confused**, you can email a.hawksworth@imperial.ac.uk for help.

(2) Exchange students

Exchange students will receive bespoke emails from the student exchange co-ordinator, Mr Adrian Hawksworth (see also page 5) and (importantly) from their host academic department.

(3) Download the Welcome App (but please finish reading this orientation document first)

The Welcome App (signposting) complements much of the information provided in the various pages of the NEW STUDENTS WEBSITE: <http://www.imperial.ac.uk/students/new-students/> **Our "new student" webpages are designed first and foremost for Undergraduate and Postgraduate full degree students, and not specifically for visiting non-degree students such as an exchange student.** Therefore, it is very important that a new visiting non-degree student reads this orientation information document before reading the many relevant webpages across the College's website.

If you are an international student and you may still find the term "TIER 4" referred to on webpages or in Handbooks please replace with "Student Route Visa (admissions for more than 6 months)". TIER 4 is a defunct term for Student Visa.

If you click the "Exchange Students" TAB on the top horizontal menu at <http://www.imperial.ac.uk/students/new-students/> you will be taken to <https://www.imperial.ac.uk/placements/student-exchanges/information-for-student-exchange-partner-universities/> where you can find a copy of this document.

HOW TO LOCATE IMPERIAL COLLEGE

By the time you read this document you are likely to have already planned your journey to London. The following website provides helpful advice about the location of our campuses and how to reach them: <http://www.imperial.ac.uk/visit/campuses/>.

However, if you have been admitted as an **undergraduate student** and have or will have secured (accepted) accommodation in an Imperial College hall of residence then please see your **online accommodation induction** (*after you have accepted a room in a hall of residence*). This will provide information regarding travelling arrangements to your hall of residence.

Most visiting students are taught on the South Kensington campus.

Exceptions: Chemistry students are mainly taught at our White City Campus; while some students studying life sciences or medical-related disciplines (ordinarily projects) may find themselves taught at other [campuses](#):

- White City Campus;
- St Mary's Campus in Paddington;
- Hammersmith Campus;
- Royal Brompton Campus in South Kensington;
- Charing Cross Campus in Baron's Court;
- Chelsea & Westminster Campus in Chelsea;
- North West London Hospitals Campus (Northwick Park Hospital; St Mark's Hospital) in Harrow;
- Silwood Park (Ascot, Berkshire - outside London to the west)

Unless you are told otherwise assume your main campus is South Kensington.

If you do need to travel between campuses you can use TfL routes OR you can review the timetable for the [College's own shuttle-bus](#).

TERM DATES FOR 2023-24

Term 1 (Autumn Term): Saturday 30 September 2023 to Friday 15 December 2023

Term 2 (Spring Term): Saturday 6 January 2024 to Friday 22 March 2024

Term 3 (Summer Term): Saturday 27 April 2024 to Friday 28 June 2024

New visiting students:

- While the official start date is Saturday 30 September campus attendance is naturally from the Monday.
- On campus welcome activities (for undergraduates and postgraduates) from Sunday 1 October.
- Teaching will be timetabled per academic department with some teaching commencing as early as Tuesday 3 October. However, most teaching will be timetabled to commence from Thursday 5 October or Monday 9 October.

Important notes regarding the College's term dates:

- These are term dates, not accommodation occupation dates.
- The College does **not** operate a semester system.
- The summer term for undergraduates is typically focused on preparation for examinations, actual examinations and project work. However, and depending on the academic department in question, examinations can/do take place at other times during the academic year.
- Approved attendance by a visiting student can also include part or all of the period of July to Sept 2024.
- **Important:** The dates of study periods for students who are admitted to undertake a project can sometimes not mirror/match term-dates. Dates of attendance for projects are normally decided after consultation with the host supervisor.

WHERE TO ASK QUESTIONS AT IMPERIAL COLLEGE & OTHER COLLEGE LEVEL POINTS OF CONTACT

We hope that this document will answer most, if not all, questions/concerns you may have.

Further questions can be addressed to the points of contact referred to throughout this document. Always quote your 8-digit College Identifier Number (CID) in any email.

The principal "point of contact" for asking questions is our [Student Hub](#):

- <https://www.imperial.ac.uk/student-hub/>

- Email: student.hub@imperial.ac.uk
- The Student Hub is a physical “office” based on the South Kensington Campus (Sherfield Building) **Please check the Hub’s [website](#) for opening times; and any booking system which may be in operation at the beginning of the academic year.** If you visit the Student Hub in person, please note that the closing times are tightly controlled so try not to arrive when the Student Hub is due to close!! It is important that you have sufficient time to liaise properly with staff and them with you.

OTHER COLLEGE LEVEL POINTS OF CONTACT:

- **Exchange students: Mr Adrian Hawksworth**, Assistant Registrar for Placements (part of the Academic Registry team). **Adrian is the College’s Student Exchange Co-ordinator.** Please feel free to email a.hawksworth@imperial.ac.uk or phone +44 (0)20 7594 8044 (internal extension 48044). **If you phone, please leave a message as Adrian works mostly from home.** Adrian has been co-ordinating the College’s student exchanges for many years and is always **happy** to help with general queries and/or signpost students to other staff in the College who can help them with their concerns/questions. Please do not use MS teams to contact Adrian.
- **All students:** Our **[International Student Support \(ISS\) team](https://www.imperial.ac.uk/students/international-students/)** (part of the Academic Registry team) supports all international students, including visiting students, **with visa related queries.** Their website (<https://www.imperial.ac.uk/students/international-students/>) also contains practical advice for all international students who are new to London and Imperial College. **The ISS Team also provide trips and events for international students (see page 24).**
- **All students:** Our **Student Records team** (part of the Academic Registry team) is responsible for ensuring your “record” is accurate; Our **Assessments Records team** (part of the Academic Registry Team) is responsible for allocating official assessment results (grades/marks) to a student’s My Imperial account and for overseeing the dissemination of official assessment results to exchange students’ home institutions. **Please see later section (Documents, pages 18-20) for information on, for example, how and when transcripts (grade reports) are produced.**
- **Student Accommodation Office:** <https://www.imperial.ac.uk/students/accommodation/>
- **All students should note** a.) The Registry is responsible for student exchange links and not the College’s International Relations Office (IRO), b.) the person responsible for any exchange arrangements with your home university is Mr Adrian Hawksworth* and c.) the International Student Support team (*which is part of the Registry Team*) and the International Relations Office (IRO) are separate Offices. * *The IRO co-ordinates the MIT-Imperial student exchange.*

Naturally, you will normally only receive an answer to an email or a phone call during “office hours” but see a later section of this document (pages 12) for what to do in an emergency.

While you can also ask your host academic department relevant questions, we just ask you to be aware of the College-level offices and people (listed above) who may be able to answer a question more fully.

See also the section entitled ‘Your host academic department’ (see pages 14-18).

COLLEGE ACCOMMODATION (Halls of Residence)

Undergraduate

- **Undergraduate exchange students who have been admitted for a full academic year and a.)** submitted the appropriate accommodation application to the Student Accommodation Office (for a place in a College hall of residence) by the 21 July **and b.)** hold an unconditional offer of admission by 25 August will be notified about their room allocation during the two weeks beginning 4 September.
 - = **Students normally have 2 days from receipt of the “offer” to “accept” (or “reject”).**
 - = **Students will receive one offer only and if the offer of accommodation is rejected no further offers will be made.**
 - = Students who accept the offer of accommodation will need to complete the on-line induction in **AccHub**.
 - = Access to **AccHub** will be provided.
 - = Rooms are normally available for occupancy on either Saturday 30 September or Sunday 1 October.
 - = Students will be able to pick an arrival time.
 - = Students be able to see information regarding their Hall of Residence.
 - = Further information at <https://www.imperial.ac.uk/students/accommodation/moving-into-halls/>.
 - = **It will not be possible to arrive at the hall of residence before Saturday 30 September, *except if your room is in Woodward Hall or Kemp Porter Hall (see induction for details, but no earlier than Thursday 28th).***
 - = **If you wish to arrive in London before 30 September you will be responsible for those arrangements and any costs.**

View your private and Imperial College e-mailbox daily. Check your spam

- All other undergraduate students (including those attending Imperial College for shorter periods of study) will not be offered the opportunity to apply for a room before the start of the academic year. **However, keep an eye on your mailboxes daily because if you are given the opportunity to apply for a room in a hall of residence and you are offered a room you will have only two days to accept.**

Postgraduate (PG)

- All PG visiting students, including PG exchange students are ineligible to apply for College halls of residence.

ARE YOU STILL LOOKING FOR ACCOMMODATION?

a.) Postgraduates and undergraduates seeking private sector accommodation:

- We advise you to commence your [search for private sector accommodation using the resources provided by the Student Accommodation Office](#) (SAO). If you don't have housing arranged when you are due to travel to London please do consider arriving a few days in advance of your “start-date” to give you time to search. Finding housing in London, especially for short periods can be difficult.
- **The SAO's webpages on private accommodation are very comprehensive. Whether you are starting your search or need advice and assistance (for example, how to deal with landlords, agents, contracts and deposits) you will find all the information you need at:**
<https://www.imperial.ac.uk/students/accommodation/private-accommodation>
(importantly) <https://www.imperial.ac.uk/students/accommodation/private-accommodation/additional-support/>
- The **Imperial Home Solutions** facility is very helpful : <https://www.imperial.ac.uk/students/accommodation/private-accommodation/private-accommodation/>
- Contact the SAO (accommodation@imperial.ac.uk) for [advice](#) if their webpages do not answer your queries.
- **Exchange students** who have not obtained housing by 30 September are advised to keep Mr Adrian Hawksworth informed.
- When you have obtained private accommodation please update the term-time address section on My Imperial (My Personal Details).

ACCOMMODATION DURING THE 2024 SUMMER VACATION: If the **end date** of your study period falls after the end of the College's academic year (28 June 2024), then an alternative source of accommodation for the period July to mid-Sept 2024 is [student summer vacation accommodation administered by the Student Accommodation Office](#). **Please note:** this type of accommodation cannot normally be applied for until spring 2024.

COLLEGE REGISTRATION (enrolment): On-line registration for all students:

<https://www.imperial.ac.uk/students/new-students/undergraduates/before-you-arrive/enrolment/online-enrolment/>

NEW visiting (non-degree) students should register online using their “My Imperial” account.

If a student has not yet activated their My Imperial account, the College will inform them how to do this when they are prompted to register/enrol on or after (approx) 1 September.

Please note: Visiting students (exchange and non-exchange) are expected to have fulfilled any offer conditions (of admission) AND when not a UK or Rep of Ireland national to have uploaded a copy of their passport and visa/entry document to My Imperial before they can complete their on-line registration/enrolment on My Imperial.

How to register/enrol on-line (video)

- Log on to your My Imperial account.
- **Click on My Personal Details and check/complete relevant fields.** *Includes providing emergency contact details for a parent or relative. If you do not know your term-time address in London then use your “home address” BUT update it as soon as you know it. Unless you expect to be paid a bursary by Imperial College (normally only some research postgraduates) then you will **not** need to complete the bank details section.*
- **Upload a digital photo of yourself for your ID card at My ID Photo.** Watch the above video as it will remind you that the photo you upload must conform to certain requirements.
- **If you need to upload a visa/passport and other associated (often travel) documents click on My Passport, Visa and CAS.**

See the guidance notes below if you are entering on a Student Visa or a Visitor Visa.

- **Then click on My Student Record; complete the requests; resolve any “errors” and then register/enrol.**
- **Please note** (important) your registration/enrolment will be “pending” on My Imperial until all requested information has been provided and relevant documents have been uploaded and have been checked online. Only then will your My Imperial account indicate that your READY-TO-ENROL.
- **Download your “enrolment confirmation”.** We suggest printing or at least keeping an accessible electronic version in case you are asked to show it to staff at Imperial College.
- **See “resolving technical problems” below should you run into problems.**

Guidance for students entering on a Student Visa: see the section on pages 9-10 entitled “Student visa holders (study periods of more than 6 months)”

Guidance for students entering on a Visitor Visa:

- **EU/EEA/Swiss nationals entering as visitors who can use E-gates AND non-visa nationals (certain nationalities only) who can use E-gates will not be stamped in at the UK border.** Therefore, you will need to provide evidence of your arrival date to the UK and upload evidence in the form of your boarding pass or booking confirmation to My Imperial. Please upload your boarding pass or travel information to My Imperial under the My Visa section. You can select “Short Term Other” as the visa type and enter the start date as date of arrival to the UK and end date as the end date of your course or return date. In the visa number field you can state “ticket”.
- **If you are a non-EU/EEA/Swiss national then depending on your nationality, you will either need to obtain a Visitor Visa prior to arriving in the UK or non-visa nationals (certain nationalities only) can seek permission to enter as a visitor upon entry to the UK.** In both cases, as a visitor, you are restricted to study periods of 6 months or less and will have no working rights in the UK. You must wait until your arrival to the UK to 1. Upload a copy of your visitor visa or entry stamp to the My Visa section and 2. to complete your on-line registration/enrolment.

Guidance for students who have pre-settled or settled status under the European Settlement Scheme:

- EU/EEA nationals only - **If** you have pre-settled or settled status under the European Settlement Scheme: you are required to generate a share code via the UK government website which we will need to check and verify your status. The code to prove your immigration status is different to the code for right to work or right to rent checks. When prompted please select it is for “something else”. Please ensure you generate the correct code which can be done here: <https://www.gov.uk/view-prove-immigration-status> . Once you have the share code, please log in to My Imperial and go to My Visa. In the Visa Type, you will need to select EU

and then in the visa number please input the share code which will be checked by the College. You can also enter the start and end date of your permission.

Please note (important) your registration/enrolment will be “pending” on My Imperial until all requested information has been provided and relevant documents have been uploaded and have been checked online. Only then will your My Imperial account indicate that your READY-TO-ENROL.

Resolving technical problems

- **If for any reason you are unable to register online** (for example, you may experience technical problems) you may seek assistance at the Student Hub, Sherfield Building, South Kensington campus **or** by emailing registry.systems@imperial.ac.uk (remember: when contacting the Registry by email please provide your CID number and please be patient while awaiting a response).
- **Perhaps you have forgotten your My Imperial username/password details?** If you have forgotten your password, then go to: <https://www.imperial.ac.uk/ict/passwords/>. However, if you still experience problems then phone our ICT Service Desk on +44(0)2075949000 quoting your CID number.

Outcomes of Registration

- **Regulations for students**: By registering you are agreeing to abide by these regulations. The new regulations for 2023-24 will be available **from 30 September 2023** so for insight please read the current regulations for [2022-23](#) for reference, but refer to the following webpage if you need to check the updated version for 2023-24: <https://www.imperial.ac.uk/about/governance/academic-governance/regulations/>
- **Privacy notices**, including the “privacy notice for students”: <https://www.imperial.ac.uk/admin-services/secretariat/information-governance/data-protection/processing-personal-data/privacy-notices/>
- **Insurance**: Registration as a student at the College means that you are covered by the College’s employer and public liability insurance policy while on campus, and off-campus should your host academic department require you to attend off-site teaching activities.
- **Consent Matters**: **Important**: Imperial College London is committed to being a respectful and safe environment for everyone. After you have completed enrolment Imperial College will expect you to complete a **short on-line course on consent and why it matters** unless you opt out. Therefore, after you have completed enrolment on My Imperial the College will send a message to a student’s Imperial College mailbox providing instructions for accessing the on-line course (including how to opt out).

Student visa holders (study periods of more than 6 months)

Please respond promptly to any communications from the College’s Visa Compliance team: visacompliance@imperial.ac.uk

- **If you are non-EU/EEA national and applied overseas for your Student Visa then our Visa Compliance team will email you when your BRP arrives to the College. You will be requested to provide evidence of your entry to the UK.** Once this is checked, you will need to be sent an appointment link to book an appointment. You will be able to collect your Biometric Residence Permit (BRP) at the appointment. However, if you are not collecting your BRP from Imperial and collecting it from the Post Office then you will need to upload a copy of your entry evidence such as a copy of your stamped 90-day entry vignette and both sides of your BRP to My Imperial.
- **If you are an EU/EEA national then you will receive digital immigration status.**
 - You will need to ensure you generate a share code via the UK government website which we will need to check and verify your status.
 - The code to prove your immigration status is different to the code for right to work or right to rent checks. **When prompted please select it is for “something else”.**

- Please ensure you generate the correct code which can be done here: <https://www.gov.uk/view-prove-immigration-status> .
- Once you have the share code, please log in to My Imperial and go to My Visa. In the Visa Type, you will need to select EU and then in the visa number please input the share code which the College will check. You should also enter the start and end date of your permission. You will also need to provide evidence of your entry to the UK in the form of a boarding pass or travel confirmation. Please note, you must only travel to the UK on or after the start of your digital immigration permission.

STUDENT ACCESS TO COMPUTER AND ON-LINE SERVICES (including email)

You will access College computer and on-line services using the same username & password that you use for My Imperial. **Please go to <http://www.imperial.ac.uk/admin-services/ict/new-to-imperial/students/> to ensure you are familiar with all aspects of student ICT provision**, in particular:

- **Imperial College email address:** You should be able to access your mailbox once you have created a My Imperial account. **Please ensure you use your Imperial College mailbox for all College related correspondence. All important notifications from the College will be sent to your Imperial College mailbox. Check it daily.**
- **Virtual Learning Environments (VLE):** Your host academic department will indicate what VLE is in use. Commonly, it is Blackboard or Panopto, but some departments may use other VLEs. **Wait until you receive welcome information from your host academic department during September.**
- File storage options; Library access; Printing/copying/scanning.

If you are unsure of your password use the “reset your password” function on My Imperial or call the [ICT Service \(Help\) Desk](#) on +44(0)2075949000, remembering to state your CID number. Password information cannot be given out over email for security reasons.

All queries/questions concerning computer accounts should be addressed to the **ICT Service Desk**. The physical location of the ICT Service Desk is the Central Library, South Kensington Campus.

COLLEGE ID CARDS

When completing pre-arrival on-line registration using My Imperial you will be asked to upload a digital photo of yourself via My ID Photo. This is very important.

If you have uploaded a digital photo AND are able to complete pre-arrival on-line registration by Friday 29 September, your ID card will normally be available for collection as follows:

- from your College hall of residence on Saturday 30 September or Sunday 1 October **if** you are an undergraduate expecting to live in a College hall of residence. *To note: if you are an undergraduate living in a College hall of residence and you are not given your ID card on either 30 Sept or 1 October then the hall of residence will issue you with a temporary card/key for access to the hall of residence until you obtain your ID card (see further down).*

OR

- (all other students) from your host academic department (normally during the week commencing Monday 2 October) after attending an in-person or remote departmental safety talk. If unsure contact the relevant “Student” Office (e.g. Undergraduate Office; Education Office) in your host academic department.

In all other situations, once you have completed your on-line registration/enrolment:

- **If you do not have a photo to upload you may GO TO** the College ID Card (Security) Office (*with a printed or digital copy of your “enrolment confirmation” from My Imperial*) during the week commencing Monday 2 October to have your photo taken. **Warning: Queues.** The College ID Card (Security) Office is situated next to vending machines in the entrance lobby on Level 1, Sheffield Building, South Kensington Campus. The **College ID Card Office opening hours: Monday-Friday are normally 09:00 – 11:00 and 14:00 – 16:00 (subject to change).**
- ID cards which are produced/issued by the College ID Card Office during the period Monday 2 October to Friday 6 October will normally be distributed to students *via* their host academic department (via the relevant “Student Office” in your host academic department).
- *To note: if you are an undergraduate living in a College hall of residence and your ID card is not available on either 30 Sept or 1 October at your hall of residence, then your hall of residence will normally issue you with a temporary card/key for access to the hall of residence until you obtain your ID card. When your ID card has been issued remember to take your temporary card/key to your hall of residence office to double-check that hall “access” has been added to your ID card and to return the temporary card/key.*
- ID cards produced from 9 October will normally be issued immediately by or can be collected from the College ID Card (Security) Office.
- No ID card should be issued until on-line registration/enrolment has been completed.

Purpose of the College ID Card

Your ID Card has **five** purposes and must always be carried with you whilst on campus and (if relevant) in your hall of residence (use a lanyard if you prefer):

1. **ID** for when it is requested by College staff.
2. **Library card** (see later section, page 21) and **Ethos (Sports Centre) card** (subject to completing membership and induction: see later section, page 22).
3. **Swipe-card access to the campus buildings and halls of residence you have an entitlement to enter** (please note that access to most halls of residence is by this method, although some halls of residence provide a separate key or card).
4. **Enables you to pay the student payment rate (discounted rate) on purchases made at College managed shops and cafes** (most importantly, on the South Kensington Campus, at the Junior Common Room and Queens Tower Rooms): <http://www.imperial.ac.uk/food-and-drink>
5. Finally, and **importantly**, the ID card acts as confirming your **Imperial College (Students) Union membership** (see later section on page 13).

Full advice on collecting your ID card - including what to do if you lose your ID card or it is stolen - go to the UG or PG section (as appropriate) at: <http://www.imperial.ac.uk/students/new-students/undergraduates/arrivals-and-induction/> or <http://www.imperial.ac.uk/students/new-students/postgraduates/arrivals-and-induction/>

Undergraduate or Postgraduate? For purposes of registration, you are a “new undergraduate” unless “your enrolment confirmation” from My Imperial describes you as a postgraduate. This may be confusing to some visiting (non-degree) students who are used to a bachelor/masters/doctoral system in their home country. Therefore:

- If you are following a study plan comprised of courses/modules from the curriculum of a BSc/BEng or MSci/MEng or MBBS degree programme, then you are classified as an “undergraduate”.
 - If you are undertaking a study plan based on a graduate-level MSc programme or you are undertaking a masters level project you would normally be classified as a “postgraduate”.
 - If you are currently a PhD student at another university then you will be classified as a postgraduate student.
- If you think this will pose you any problems, please email a.hawksworth@imperial.ac.uk

SAFETY, TAKING CARE OF POSSESSIONS & WHAT TO DO IN THE EVENT OF AN EMERGENCY OR INCIDENT

SAFETY

All students who are new to the College are required (i.e. it's compulsory, mandatory) to undertake a Safety Induction.

- For undergraduates living in a College hall of residence there will normally be a safety talk in the hall of residence when you first arrive, followed by a timetabled safety induction (in Week 1) in your host academic department.
- For all other students there will be a safety induction in their host academic department.

You may be required to attend further safety talks/briefings during your stay.

If a student is undertaking a project or research period as their study period or as part of a study period (either from the start of their study period or commencing during their study period) then the student should not commence their project or research period until they have completed all safety induction to the satisfaction of their host academic department.

Safety talks (safety processes) are very important. Do not delay attending a safety talk or completing, where necessary, any Safety Induction document.

TAKE CARE!

- **Please ensure you always act responsibly, both on or off campus, whilst you are a student at Imperial College:** <http://www.imperial.ac.uk/study/living-in-london/student-safety/>
- **Always take care of your valuables, including whilst on campus:** While this is obvious advice, please remember that the South Kensington Campus is an open (public) campus.
- **Be "IT secure":** <http://www.imperial.ac.uk/admin-services/ict/self-service/be-secure/>

WHAT TO DO IN THE EVENT OF AN INCIDENT ON CAMPUS

It is important for you to know how to react if you need to respond to or report an emergency involving yourself or others on campus.

Please review the Security Office website: <http://www.imperial.ac.uk/estates-facilities/security/>

For example:

- Your Safety Induction will cover how to respond to the fire alarm.
- **The emergency phone number for the South Kensington Campus is 020 7589 1000.**
- Emergency phone numbers for other campuses at <http://www.imperial.ac.uk/estates-facilities/security/emergency-contacts>
- **IMPORTANT:** Please ensure your department has your mobile phone number when requested, and that your personal details (address; phone numbers etc.) are up to date on My Imperial.

WELCOME ARRANGEMENTS: download the [Welcome App](#)

Imperial College and the Imperial College [Students] Union (ICU) are planning welcome activities that will take place both on campus and via on-line platforms. While some activities will commence on-line during late September **the majority of welcome activities** will be on on-campus during October with a focus on Week 1 (30 September to 8 October).

The most notable in-person events are the [International Welcome Event](#) (with talks introducing Imperial College PLUS an information fair aimed at International Students, including the Erasmus Club) on **Sunday 1 October** (postgraduates in the morning; undergraduates in the afternoon)....

....AND the [Imperial College Union Welcome Fair](#) on **Tuesday 3 October** across the South Kensington Campus (see later section...don't miss this event!).

Exchange students living in College halls of residence will find that their hall also schedules "welcome" activities.

Participation in College events is **not** mandatory so make your own minds up what you'll benefit from.

To help you work out what to do and when, please also read ALL the information which your host academic department should have emailed you by Monday 25 September. This will inform you as to which events you are already timetabled to attend, but also whether you have the time available to attend other welcome events (as noted above) provided by the College.

An exchange student who has not received instructions from their host academic department by Monday 25 September should email Adrian Hawksworth: a.hawksworth@imperial.ac.uk

CAUTION: While the College is developing a [programme of welcome events for NEW students \(based on whether the student is an undergraduate or a postgraduate\)](#) the programme is designed first and foremost for new full-degree students. **However, many elements of the welcome programme will also be accessible to new visiting/exchange students (i.e. experienced higher education students).**

A good starting point for ALL welcome activities is the [Welcome App](#).
See also the next section (ICU and Erasmus Club).

IMPERIAL COLLEGE (STUDENTS) UNION & the ICU Erasmus Club.

Imperial College Union ([ICU](#)) is the student body.

- As a registered student at Imperial College you automatically become a member of ICU. Your College ID card acts as confirmation of your student status at Imperial College (and ICU membership).
- [ICU provide many services and resources](#) (including the running of many ICU delivered [Welcome events/activities](#)) for students.
- Please acquaint yourself with the location of the ICU Offices and facilities. The ICU is located in Beit Quad on the South Kensington Campus (see [online maps](#)).
- **The 2023 WELCOME FAIR** will take place on Tuesday 3 October. The Clubs & Societies of the Imperial College Union (and much more) will be represented at the Welcome Fair, including the Erasmus Club (see below). **Don't miss it!!!**

- View information on the ICU's many **Clubs and Societies** (including the Erasmus Club), **Welcome Fair** (see above), **FELIX** (Felix is the ICU student newspaper: <https://www.imperialcollegeunion.org/activities/a-to-z/felix>), **Places to Eat and Drink operated by the Imperial College Union** and so much more!
- **IMPORTANT!!** **ICU has an Advice Centre for all students.** The Advice Centre provide lots of useful [information on academic issues, for example on exams](#), and non-academic issues.

Our ERASMUS Club (Erasmus Student Network: ESN)

- The Club (*a club of ICU*) is active throughout the year, although mainly from October until mid/late March. The Erasmus Club is run by students who were mainly studying abroad in 2022-23. The club meets regularly, and organise a variety of visits, parties and events. However, **to benefit from their events, you will need to take out membership of the Club but that does include an [ESN card](#).**
- **All new exchange students will receive a welcome letter from the Erasmus Club during Sept 2023 with instructions as to how to become a member.**

YOUR HOST ACADEMIC DEPARTMENT

Imperial College London embodies and delivers world class scholarship, education and research in science, engineering, medicine and business, with particular regard to their application in industry, commerce and healthcare.

INFORMATION FROM YOUR DEPARTMENT PRIOR TO YOUR ARRIVAL

Please read ALL the information which your host academic department will have emailed you by Monday 25 September. This will indicate which events you are timetabled to attend (in person or remotely) during the welcome period, but also whether you have the time available to attend (remotely) other College welcome events.

If you are an exchange student and you have not received these instructions from your host academic department by 25 September, please email Adrian Hawksworth a.hawksworth@imperial.ac.uk

THE PEOPLE RESPONSIBLE FOR YOU IN YOUR HOST DEPARTMENT?

- **Undergraduate exchange students** (admitted as an “undergraduate”: see previous note on page 11): The Departmental Exchange Programme Coordinator in the host academic department is normally responsible for all aspects of an undergraduate exchange student’s stay in the host department. Please view the list of exchange co-ordinators at : <http://www.imperial.ac.uk/placements/student-exchanges/information-for-student-exchange-partner-universities>. If you are unsure as to whom to contact in your host academic department email a.hawksworth@imperial.ac.uk

- **Postgraduate Exchange Students** (admitted as a “postgraduate”: see previous note on page 11): If you are unsure as to whom to contact in your host academic department then email a.hawksworth@imperial.ac.uk
- **All Exchange Students** should also read the guidance for student exchange partner universities at: <http://www.imperial.ac.uk/placements/student-exchanges/information-for-student-exchange-partner-universities/>
- **Non-exchange** visiting (non-degree) students should normally contact the undergraduate or postgraduate students’ office (or equivalent) in their host academic department for guidance. However, most non-exchange students attend solely to undertake a project or a research period and therefore the person responsible for them is normally the project or research period supervisor. Some non-exchange students do attend for a full-year study plan on a fee-paying basis.

DISCUSSING YOUR STUDY PLAN

- **Your proposed study plan** (which you will have attached to your formal on-line application to study at Imperial College London) **will have been evaluated as part of the admission process.**
- You are welcome to continue the discussion of your study plan with your host department **in advance of arrival** (especially if you are an Erasmus study exchange student and your home institution requires you to submit a signed learning agreement before your departure to London).
- However, for most new visiting (non-degree) students who accept admission and who plan to undertake courses/modules **their study plan will be discussed in full and finalised upon arrival** (and this process may take several weeks for some students). **This is normal.**

Exchange Students

- If an Exchange Student has any queries about their study plan please email the exchange co-ordinator in their host department. A list of exchange co-ordinators can be found here: <https://www.imperial.ac.uk/placements/student-exchanges/information-for-student-exchange-partner-universities/>

INDUCTION BY YOUR HOST DEPARTMENT

- All NEW visiting students (exchange & non-exchange) should be informed by their host department (study plans) or supervisor (project or research period) by Monday 25 September as to what is expected of them in the week commencing Monday 2 October (and preferably for the remainder of week 1). *If you have not heard from your host department by 25 September, please email a.hawksworth@imperial.ac.uk*
- Ordinarily, you will be required to undertake a departmental registration **and** to attend an **initial (briefing) meeting** with either the Departmental Exchange Programme Co-ordinator (study plans) or your supervisor (project or research period). **The departmental registration and initial meeting should take place during the first week of the academic year, most commonly on 2 or 3 October. Elements of these interactions may take place remotely.** *If you have not heard from your host department by 25 September about the date of your “initial meeting” please email a.hawksworth@imperial.ac.uk*
- At the **initial meeting** you will normally learn more about (*if you have not received such information in advance of your arrival*) how your host academic department manages the academic

administration for your study period (e.g. *module/course registration; timetables; exams; exam registration; exam timetabling; study facilities; intranet learning environments; intranet document facilities for course materials; procedures*). **Depending on how much of a conversation you had with the host department ahead of arrival you will normally also have an opportunity to discuss your proposed study plan and/or project/research in more detail with the department and/or project supervisor. The latter conversations about your study plan might take place remotely. However,** in some departments with sizeable cohorts (numbers) of exchange and non-exchange visiting students the initial meeting is a briefing meeting with general guidance which will be followed by an individual meeting between you and the department and/or project supervisor during the following days where you can discuss your own study plan or project. **Elements of these interactions may take place remotely.**

- (if applicable) **Departmental module/course registration:** The process for registering for modules differs from department to department. In some departments registration for modules takes place before you arrive, and you will be contacted by the host academic department. However, in some departments registration for modules takes place after arrival. **If you did not receive guidance from your host academic department on registering for modules prior to your arrival at Imperial College you should expect to receive this guidance at the “initial meeting”.** See also the point below regarding “assessment” and the general advice about accessing modules (below).
- **Please note that there is normally no teaching on Monday 2 October or Tuesday 3 October. For most students teaching does not normally commence until either Thursday 5 October or Monday 9 October.** However, in some departments teaching (usually master level content) might commence as early as Tuesday 3 October. **It will depend on your study plan.**
- **Do not be afraid, for example, to attend a lecture in Week 1 if you think it is relevant even if you have not registered to take the module.** *The first lecture in a series is normally an introduction. If you are asked to explain your presence we suggest that you state that you are a visiting/exchange student who is sampling a course prior to confirming participation with the department. That will normally be enough.*
- (if applicable) **Assessment:** If your study plan requires you to undertake examinations (and/or other forms of formal assessment, e.g. assessed coursework) then the process for this should be explained to you by your host academic department. **This level of detail is normally provided in a student handbook (normally web-based) produced by the host academic department.** The timetabling of examinations also differs from department to department (*i.e. the students of one department might be told this information at the beginning of the year while the students of another department might be told at the appropriate moment during the academic year.*) While the main examination season is the Summer Term other formal assessments and examinations may take place at other times (e.g. during a module; end of module; end of term).

ADDITIONAL ADVICE ABOUT ACCESSING MODULES

(sometimes “modules” are called “courses”):

(1) The majority of new visiting (non-degree) students will only take modules provided by the host academic department or where access to modules taught by other academic departments **comprises part of** the host academic department’s curriculum (***including*** *undergraduate humanities and language modules taught by the [Centre for Languages, Culture and Communication](#) and undergraduate management modules taught by the Imperial College Business School*).

(2) Otherwise, please do not ask to take modules taught by other academic departments unless you have the approval of your host academic department, and in the case of exchange students, your home university. To repeat: it is very important that you do not approach other academic departments for access to modules unless you have the approval of your host academic department. Access to modules taught by other academic departments cannot be guaranteed. However, should you receive approval from your host academic department to approach another academic department, (1) they (your host academic department) will normally expect you to arrange such access, and to be responsible for ensuring you meet the needs/demands of the “other” academic department and (2) the results/marks for examinations and other assessments for modules taught by “other” academic departments (i.e. other than your “host” department) need to be reported (communicated) by the “other” academic department to your “host” academic department for processing with your other exam results/assessments. It would be your responsibility to ensure this happens. Please note that we cannot guarantee that there will not be timetable clashes and examination clashes.

ADDITIONAL ADVICE ABOUT PROJECTS AND RESEARCH PERIODS:

- If, as part of a study plan, an undergraduate visiting student wishes to also take a project the host academic dept will decide whether they are able to offer access to a suitable (appropriate) project “module” from the host dept’s curriculum. If the host academic dept can provide access to a suitable (appropriate) project “module” from the host dept’s curriculum that access would normally indicate how the project is allocated (i.e. do you have choice; are you just allocated a project etc). **As the project is a “module” from the curriculum it means that Imperial College will assess and allocate a mark for your project** regardless of any intention by your home university to mark a project report separately. **This is normal.** However, there can be exceptions and the exchange programme co-ordinator in your host academic dept would indicate what the process is.
- Visiting (non-degree) students (undergraduate, postgraduate) whose study plan will be a single long project or research period would normally pursue this on an “independent” basis (*i.e. the project or research period would not be part of the host dept’s curriculum*) and would not be formally assessed by the host academic department. However, there are some exceptions (*for example, undergraduate visiting students in Departments of Aeronautics, Chemistry and Chemical Engineering can discuss having their “independent” projects assessed formally*).
- Visiting (non-degree) students (undergraduate, postgraduate) whose study plan will be a single long project or research period have a responsibility to discuss with their project or research period supervisor – in advance of a project or research period starting - the extent, if any, that their home university are requesting the supervisor to contribute informally or formally to any assessment by the home university. See also the advice (below) about learning agreements and transcripts.

MISCELLANENOUS INFORMATION:

- Student Support Zone: Provides “well-being” support for you as a member of our student community: <https://www.imperial.ac.uk/student-support-zone/>
- In accordance with the College’s pastoral care (student welfare) system, **all visiting students should expect to be allocated (by their host academic department) a personal tutor or a supervisor depending on the nature of their study period (modules, modules/project, project, research period).** When you are introduced to your academic department at the “initial meeting” make sure you understand what support you have access to. **The “personal tutor” for an exchange student is often, but not always, the department’s exchange programme co-ordinator.**

- **English Language Support & Library Services:** see later sections on pages 20-21.
 - **Virtual Learning Environments:** Your host academic department will indicate what VLE is in use. Commonly, it is Blackboard or Panopto although some departments use other additional VLEs. Your host academic department will advise you.
 - **Requests to change the dates of your study period (which may occur due to a change in your circumstances) will not be automatically approved:** Discuss first with your host dept.
 - = If you are a non-UK/Ireland national, it may not be possible to extend a period of study due to immigration restrictions (i.e. your visa or immigration clearance may not allow it). You should first check with [International Student Support](#).
 - = Your host academic department should email any agreed change to your dates of attendance to the **College's Student Records team (Registry)** (student.records@imperial.ac.uk) who will formally check and, if acceptable, process the change.
 - = Exchange students should also discuss changes to dates of attendance (at Imperial College) with their home institution before pursuing any formal consideration of the change at Imperial College.
- Changes to dates of attendance should not be considered approved UNTIL they are confirmed by the College's Student Records team (Registry) and displayed on My Imperial.

DOCUMENTS

Statements of registration (attendance): <https://www.imperial.ac.uk/student-records-and-data/for-current-students/request-an-official-document/>

Certificates of arrival/attendance: A student who requires a certificate of arrival or a certificate of attendance to be completed, signed and stamped by Imperial College (*i.e. a form provided by a third party, such as their home university/college or a financial sponsor*) should take it to the Student Hub in person (take your ID card), where a member of the College (Registry) Student Records team will assist, or they should email it to student.records@imperial.ac.uk.

Exception: Exchange students should send such documents to Mr Adrian Hawksworth for completion: a.hawksworth@imperial.ac.uk

Learning Agreements for Studies (normally Erasmus study exchange students only)

- IF the BEFORE section of your learning agreement has not been completed by the host academic department and returned to you prior to your arrival at Imperial College, you should speak to the Departmental Exchange Programme Co-ordinator in your host academic department to locate it. **It is quite common for this part of a learning agreement to be completed after you arrive.**
- **Learning Agreements normally only require to be signed by your host academic department** (by the Departmental Exchange Programme Co-ordinator). However, if your particular learning agreement requires an institutional level signature then please note that you must ensure that the **BEFORE section of your Learning Agreement** is completed in full and has been signed by the Dept Exchange Programme Co-ordinator in your host academic department before you ask Adrian Hawksworth (a.hawksworth@imperial.ac.uk) to sign/stamp it.
- Modifications to Erasmus study plans should utilise the DURING section of your Learning Agreement as necessary during your study period, i.e. some students will not have to use this section of the learning agreement.

- Complete the AFTER section with the assistance of both your home and host Departmental Exchange Programme Co-ordinators at the end of your study period. However, the “AFTER” section is not a substitute for a transcript issued by Imperial College London (see next section on transcripts) and Imperial College will normally not insert academic results in the AFTER section.

Learning Agreements for Traineeships (normally Erasmus Traineeship students only)

If you are mobile within the Erasmus Traineeship Scheme and are being hosted at Imperial College as a visiting student (non-degree; non-exchange) for an independent project or research period, then your host supervisor will normally be responsible for ensuring that your learning agreement is processed in your host department. Please address any questions to your supervisor. If the supervisor of an Erasmus Trainee has queries concerning the administration of a learning agreement they can email a.hawksworth@imperial.ac.uk

Release of official marks/grades on My Imperial **Issuing of e-transcripts on My Imperial (My Documents)**

This section is divided into two parts (A & B).

(Part A) for students who have been formally assessed/examined by Imperial College (curriculum only)

An e-transcript is an official document issued by Imperial College which lists **a.)** any formal assessments/examinations a student has registered for*, **b.)** records the mark achieved for each assessment/examination **and c.)** lists the ECTS credit awarded if the assessment has been undertaken successfully.

Please note that an e-transcript can only be made available to you once your official marks have been formally published by the Registry on your My Imperial account.

Official marks for undergraduate modules will appear on My Imperial from mid-July, but more typically August, while for postgraduates it may be as late as October-November. Where an undergraduate visiting student has undertaken a purely postgraduate module we do try to release official mark as early as possible.

IMPORTANT – How an e-transcript is issued:

- Once official marks are displayed on My Imperial a student will be given access to an e-transcript which they can download from the My Documents section of My Imperial.
- A student will have the additional “share a document” facility (“third party authorisation”) to send their e-transcript (in a secure format) to a third party (*for example, an exchange student can send a copy of their e-transcript to their home university.*)
- *A transcript will list all modules which you have registered for. Therefore, if you decide to not take the exam at the conclusion of the module it will be recorded as a zero mark on the transcript.
- **Exchange students only:** The College will also send a copy of a transcript (as a pdf) to an exchange student’s home university. This action will be completed no later than the end of August 2024, unless the release of official marks has been delayed for some reason (*e.g. resit examinations, about which see below*) in which case the College will issue your transcript as soon as possible thereafter.

- **Exchange students only:** Please note that if you only attended the College in the autumn term your transcript will not be available until summer 2024. Universities that send exchange students for only the autumn term are aware of this.
- **Exchange students only:** A host department may be willing in exceptional circumstances to communicate marks - on an unofficial basis - to an exchange student's home institution at a date earlier than when they might be expected to be published on My Imperial. Departments are normally willing to do this only to assist certain students who are due to start their next academic year (*or who are due to graduate*) shortly after leaving Imperial College and their home university need guidance on the student's level of achievement. However, this is always at the discretion of the host academic department and neither an exchange student nor their home institution can demand it. Universities that send exchange students to Imperial College are aware of this. Speak to the Exchange Programme Coordinator in your host academic department for guidance. Also, Erasmus students should note that the "AFTER" section of the Learning Agreement for Studies is not a substitute for a transcript.
- Should a student not pass (i.e. "fail") an examination they should discuss it with their Department's Exchange Co-ordinator and with their home institution. Imperial College does not guarantee to allow re-sits for visiting students. A fee might apply.

(Part B): Independent Projects and Research Periods (non-curriculum)

- If you are attending Imperial College to only undertake an "independent" project or research period (i.e. a project or research period which is not a formal part of the College's curriculum) then you would not be issued with an e-transcript. Instead, if you require a statement on your performance you should ask your "independent" project or research period supervisor to kindly provide you with one.
- If you are undertaking an "independent" project or research period (i.e. a project or research period which is not a formal part of the College's curriculum) as part of a broader study plan (that includes modules) then you would not expect to have the outcome of your independent project or research period to appear on your e-transcript. Instead, if you require a statement on your performance you should ask your "independent" project or research period supervisor to kindly provide you with one.

ENGLISH LANGUAGE SUPPORT

Centre for Academic English

- All visiting (non-degree) students can access The Centre for Academic English **free-of-charge**.
- Guidance available at: <http://www.imperial.ac.uk/academic-english/current-students/undergraduate/>
- The Centre for Academic English is accessed via Level 3, Sheffield Building, South Kensington Campus (access to the south of the Great Hall)
- General information on the Centre can be found at: <http://www.imperial.ac.uk/academic-english>

Language Pairing

- The Centre for Language, Culture and Communication operates a **Language Pair Scheme**: <http://www.imperial.ac.uk/languages/language-pairs/>
- An alternative method of obtaining an informal language partner is to meet English-speaking students through the Erasmus Club, or just by making friends!!

LIBRARY FACILITIES

You will be automatically registered with the Library when you have completed College enrolment/registration, and your college ID card works as your library card – use it to swipe into the library, borrow books and operate the printer-copiers.

Library induction for exchange students is normally organised by their host academic department, but any visiting student can also reach out themselves to the subject librarian for your department: <https://www.imperial.ac.uk/admin-services/library/subject-support/>

For further details see: <https://www.imperial.ac.uk/admin-services/library/getting-started/library-services-for-new-students/>

DISABILITY ADVISORY SERVICE

If you have a **disability** you can raise any concerns/questions you may have with the College's Disability Advisory Service on disability@imperial.ac.uk or Tel: 020 759 49755. See www.imperial.ac.uk/disabilityadvisoryservice

Each department has a Disability Officer: <http://www.imperial.ac.uk/disability-advisory-service/about-us/departmental-disability-officers/>

Read about other **support services** (including those that support students with mental health) in our [Student Support Zone](#)

HEALTH CARE IN THE UK and registering with a doctor

If you are not already a resident of the UK you need to ensure you have appropriate health insurance cover for your stay in the UK and know how and where to access health care (including in an emergency).

- If you enter the UK on a Student Route visa you will have had to pay (as part of the visa application) the Immigration Health Surcharge). When resident as a student in the UK for more than 6 months on a Student Route visa you have access to the National Health Service (NHS) in the same way as a permanent UK resident, i.e., they will receive NHS care generally free of charge but may be charged for services a permanent resident would also pay for, such as eye tests, dental treatment and prescription charges (i.e. prescribed items of medicine by a GP/Doctor) in England.
- If you are a student entering the UK as a Visitor, you are advised to possess comprehensive sickness insurance (CSI) and follow the instructions provided by your insurer when you need to access healthcare. You will need to pay for any NHS care you get at the point you use it - unless it's an [NHS service that's free](#). The NHS generally functions on a treat first pay later basis in the case of an emergency admission to a hospital. However, always keep evidence of your health insurance on your person.

- A student is expected to have purchased travel insurance for their travel to and from and for their stay in the UK. **Please note** that travel insurance will not always be an appropriate form of insurance cover – for health purposes - when someone is living in another country for a prolonged period.
- We suggest consulting the [webpages of the UK Council for International Student Affairs \(UKCISA\)](https://www.ukcisa.org.uk/Information--Advice/Studying--living-in-the-UK/Health-and-healthcare) for more detailed guidance on healthcare in the UK (*and, if applicable, any visa conditions or right of residency rules applicable to your personal circumstances*). UKCISA link (external): <https://www.ukcisa.org.uk/Information--Advice/Studying--living-in-the-UK/Health-and-healthcare>

Registering with a doctor (GP: General Practitioner)

The Imperial College Health Centre: <https://www.imperialcollegehealthcentre.co.uk/>

- You cannot register with the NHS, until you arrive in the UK.
- All students (regardless of their health insurance position) should check whether they are eligible to register at the [Imperial College Health Centre](https://www.imperialcollegehealthcentre.co.uk/). Students who find themselves ineligible should note the “out-of-area” patient registration which might, depending on your circumstances, remain relevant: <https://www.imperialcollegehealthcentre.co.uk/2022/09/23/welcome-new-students/>
- If you are not eligible (based on the post-code of your accommodation in London) to register at the Imperial College Health Centre then you would need to locate a health-centre/doctor’s practice in the area you live. Students who are in College and Private halls of residence will probably find that this information is freely provided while a student in private accommodation might simply need to ask those they share with or go to <https://www.nhs.uk/Service-Search/find-a-gp> (UK Government website).
- If you have private healthcare then your policy might prescribe with whom you seek medical care.
- Further information: <https://www.imperial.ac.uk/student-support-zone/your-health/doctor-and-dentist/>

VARIOUS

- **Living in London:** <http://www.imperial.ac.uk/study/living-in-london> .
- **College sports and leisure facilities (Move Imperial):** <http://www.imperial.ac.uk/sport/>. The College has a sports centre called Ethos (www.imperial.ac.uk/ethos) located on the South Kensington Campus. Other sports and leisure facilities exist (check the [website](#)). Visiting Students can access these facilities in the same way as a full-degree student. Once registered (membership) a student would use their College ID card as their “membership” card.
- **Places to eat on campus (operated by the College):** <http://www.imperial.ac.uk/food-and-drink/>. **Please note:** most cafes/restaurants are open to all students. The *exceptions* are mainly on the South Kensington Campus: SCR (Staff & postgraduate research students only); The Roastery (part of the SCR: staff and postgraduate research students only); the Garden Room Restaurant (Staff only).
- **Places to eat and drink operated by the Imperial College Union** <https://www.imperialcollegeunion.org/food-drink>
- Please note that most outlets on campus operate on a cashless basis. You can pay with contactless and chip and pin cards as well as with [Yoyo](#).
- *Supermarkets can be found locally to the South Kensington campus (Sainsbury’s, Waitrose) and a Tesco in the Earls Court/West Ken area. There is a small convenience store called “Essentials” located in Eastside, Princes Gardens. Halls of Residence will also indicate the nearest food shopping options.*

TRAVELLING IN THE LONDON AREA

Within London, public transport (comprised of Buses, the Tube, 'Overground' Train services, South London Trams, National Rail Services In London, Elizabeth line, River Boat and Dockland Light Railway- DLR) **is managed by Transport for London (TfL):** <http://www.tfl.gov.uk>.

The TfL website is an external site and Imperial College is not responsible for its content. TfL operate with full respect towards everyone's safety: <https://tfl.gov.uk/campaign/safer-travel-guidance>.

Travel (and its cost) is based on Zones (on maps of the TfL network these display themselves as concentric circles from the centre – Zones 1 to 9) with normally increased cost when travelling within or through the central Zone, Zone 1).

- Ahead of arrival, you can set up an oyster or contactless payment account: <https://tfl.gov.uk/fares/contactless-and-oyster-account?intcmp=54644> . This provides access to the **cheapest single journey prices while you decide as to what will best serve your weekly travel needs**
- If you don't opt to set up an oyster or contactless payment account before arriving in London then, of course, you can do so at any time.
- However, if you have yet to decide what you need and would prefer not to use your bank card or smart phone to pay "as you go" then you can pay £5 (non-returnable) at any tube station for a **regular 'oyster' card (top up and then pay as you go)**. This provides access to the **cheapest single journey prices while you decide as to what will best serve your weekly travel needs**.
- Your daily Monday to Friday routine will determine whether you can save more money by purchasing a 'travelcard' or 'season ticket' (depending on the type of transport) for your daily journey.
- Therefore, if you are living in accommodation at a distance (i.e. a regular tube/bus/train journey away) from the Imperial College campus where you will be taught you may benefit from applying for an **18+ Student Oyster Photocard** (note: the 18+ Student Oyster Photocard Discount Scheme is operated by Transport for London). **The 18+ Student Oyster Photocard provides discounted travel (currently 30%) on an adult-rate (weekly/monthly) 'travelcard' or 'season ticket'**. Information on all the options at: <https://tfl.gov.uk/fares/free-and-discounted-travel?intcmp=54647>
- To be **eligible** for an **18+ Student Oyster Photocard** you need to be a registered student at Imperial College on a full-time basis, living at a London address during term-time, for a **minimum of 14 weeks**.
- The **online application** procedure for an **18+ Student Oyster Photocard** will cost you (admin fee) £20. You must have a bank account (UK or non-UK). You must upload a photo of yourself. **You can apply as soon as you have registered/enrolled on-line with Imperial College. Transport for London request the endorsement of Imperial College before your application is processed, and the College seeks to do this as quickly as possible.**
- Further advice available: <http://www.imperial.ac.uk/student-records-and-data/for-current-students/student-travel-discounts/>
- **However, if you are living within walking or cycling distance of the South Kensington Campus (i.e., your daily travel is not by public transport) it may not be cost-effective to purchase a "season" ticket, and therefore no need to apply for an 18+ Student Oyster Photocard.**
- A student who thinks they will do a lot of rail travel in the UK beyond London can also think about obtaining a National Rail [16-25 Young Persons Railcard](#) to save money on off-peak rail travel.
- It is your decision to make!

MAKING THE MOST OF YOUR TIME IN THE UNITED KINGDOM OF GREAT BRITAIN & NORTHERN IRELAND

Yes, that is the full title of the UK! There is so much to see and do in our lovely country, within and outside London. Make the most of the opportunity by exploring the activities provided by the many clubs and societies of the Imperial College Union.

Our International Student Support team (in collaboration with the Imperial College Union) also offer a [programme of activities](#) at the start of the academic year and a programme of activities throughout the academic year, e.g. [Day trips](#), [Do it yourself trips](#)

UK BANK ACCOUNTS

If you need to open a bank account in the UK, please review the information at:
<https://www.imperial.ac.uk/student-records-and-data/for-current-students/request-an-official-document/>
(scroll down)

There are no banks on the South Kensington campus.

There are many banks located on nearby “high streets”.

COUNCIL TAX

Council Tax is a local tax set by local government to help pay for local services like policing and refuse collection. It applies to all domestic properties.

Students living in College halls of residence are automatically exempt from paying Council Tax.

Students living in other forms of accommodation should read:
<https://www.imperial.ac.uk/student-records-and-data/for-current-students/request-an-official-document/> (scroll)
The Student Hub can assist with general Council Tax queries/questions.
