Passport and Visa Information

International students need to complete the Passport/Visa section when completing their online registration.

This can be found by navigating from the Personal Details page.

Click on the Add New button to enter your Passport or Visa details.

If you are an international student **without** a current Visa, you only need to complete the Passport section.

If you are an international student **with** a UK Visa, you need to complete both the Passport and Visa sections.
Once you have entered your Passport or Visa details you will be able to upload a scanned copy of your Passport or Visa.

You **only** need to upload the **photo** of your passport.
