

# CONSTRUCTION UPDATE

White City Campus is Imperial College London's major new campus in west London, bringing together world-class researchers, businesses and partners to work, share ideas and turn cutting-edge research into benefits for society.

The **Construction Update** provides news and information about building works and upcoming construction activities on the campus.

Read more about White City Campus construction activities on our website:

## RESPONDING TO COVID-19

The Imperial community has shown respect for each other's safety and wellbeing as we deal with coronavirus. That spirit—of individual responsibility and respect for others—continues after lockdown restrictions cease on 19 July.

We still expect everyone to wear a face covering indoors—this applies to most indoor settings on campus, with some local exceptions and unless you are exempt.

We also strongly advise students and staff to take weekly tests if when attending campus regularly or living in halls of residence.

For updates on safety, testing and Imperial's response to COVID-19, visit our webpages:

# BUILDING UPDATES

## North campus

### School of Public Health

Construction continues to make good progress. A pit lane that aims to segregate construction traffic will be erected once the roadway is sufficiently widened. The target for the pit lane to be fully operational continues to be the end of August.

### Glass Manifestation

Vibrant, new window graphics—reflecting the College’s ethos—have been installed on the ground floor windows of the Sir Michael Uren Hub and 88 Wood Lane. The printed vinyl graphics are designed to enhance the appearance of the buildings while the ground floor spaces are developed.

### Road Widening Works

The enlargement of the road at the North campus main entrance has started, and these works will be completed by the end of July.

Although pedestrian diversions will become operational, access for both vehicles and pedestrians will be maintained throughout the works.

## South campus

### Scale Space

Piling works for the third building in the Scale Space development (Building C), are complete. The steel frame erection will commence shortly, and contractors anticipate completion in Q2 2022.

Phase 2 infrastructure works around the buildings are now substantially complete.

### Giant Screen

In June, the College installed a giant outdoor screen outside Scale Space. It is being used to screen key events, promote activities of interest, news, and offerings to the Campus community.

### Sport Space (MUGA Pitch)

The new multi-sports facility located at the front of Scale Space is progressing. However, delivery issues mean the target for opening has moved to the end of July.

### UK Power Networks Substation

Work towards a ‘power on’ date of October 2021 continues on the new primary substation with building works complete.

## GET IN TOUCH

To contact us with a general enquiry about construction or building management, please email Sarah King, our White City Campus Manager, at [s.king@imperial.ac.uk](mailto:s.king@imperial.ac.uk). For urgent and out of hours enquiries, please call our Security Team on 020 7589 1000.
