White City Campus is Imperial College London’s major new campus in West London, bringing together world class researchers, businesses and partners to work, share ideas and turn cutting-edge research into benefits for society.

The **Construction Update** provides news and information about building works and upcoming construction activities on campus.

Read more about construction activities on campus on our website at:

**BUILDING UPDATES**

### North site

**Residential Tower**

Joinery, dry lining and fit-out works continue across multiple floors of the building. During July, contractors Laing O’Rourke also expect to complete the hard landscaping works around the base of the Residential Tower.

**Sir Michael Uren Biomedical Engineering Research Hub**

Contractors ISG have now completed the installation of the concrete fins on the building’s exterior and are finalising works to waterproof the building. Internally, the installation of laboratory furniture is almost complete, while decorating and flooring works continue throughout the building.
BUILDING UPDATES

South site

Scale Space
All modules of the first Scale Space building have been installed on site and contractors Western Building Systems are now focusing on making the building watertight. Over the next month, Western Building Systems will continue to work on covering the roof and installing the external façade and cladding.
