White City Campus is Imperial College London’s major new campus in West London, bringing together world class researchers, businesses and partners to work, share ideas and turn cutting-edge research into benefits for society.

The Construction Update provides news and information about building works and upcoming construction activities on campus.

Read more about construction activities on campus on our website at:

www.imperial.ac.uk/white-city-campus/consultation/development

BUILDING UPDATES

North site

Residential Tower
Contractors Laing O’Rourke continue work in apartments across a number of floors of the building. Landscaping works around the base of the building are progressing.

Sir Michael Uren Biomedical Engineering Research Hub
Contractors ISG are focusing on the completion of all works in the building and are preparing to hand over to Imperial during September. Landscaping works outside the building will continue throughout September.
BUILDING UPDATES

Scale Space
The installation of rain cladding on Building A continued in August, as contractors Western Building Systems focused on the building’s east elevation. Works on Building B continue with the casting of the building’s foundations.

OTHER WORKS ON CAMPUS

The construction of the new electrical substation beneath the Westway is progressing well and in accordance with the expected power-on date of January 2021.

Arrangements are underway to prepare the route across the north of the Campus for the delivery of the two transformers in early December of this year. The installation of the transformers will represent completion of a major milestone in the overall construction progress.

Campus tours
Join us for a tour of the White City Campus on the last Friday of the month at 14.00.
