White City Campus is Imperial College London’s major new campus in West London, bringing together world class researchers, businesses and partners to work, share ideas and turn cutting-edge research into benefits for society.

The Construction Update provides news and information about building works and upcoming construction activities on campus.

BUILDING UPDATES

North site

Residential Tower
Joinery work and dry lining of interior walls continued across multiple floors of the Residential Tower. In March, contractors Laing O’Rourke will complete the hard landscaping around the base of the building, and will begin processes to bring the building’s mechanical and electrical systems into operation.

Michael Uren Biomedical Engineering Research Hub
During February, contractors ISG continued to install the steelwork and glass for the building’s balconies, while inside, they started to fit ceilings and laboratory furniture. In March, ISG will begin to install lighting throughout the building.
**South site**

**Scale Space**  
Contractors Erith have built up and surfaced the access roads to the Scale Space site to improve the mobility of construction traffic. In March, contractors Western Building Systems will begin to work on the new Scale Space buildings and structural steelwork to support the modular building system used on the site.

---

**COMING UP THIS MONTH**

**New electrical substation**  
Work will begin in late February to build a new electrical substation on Imperial land beneath the Westway (A40). UK Power Networks will be responsible for building and operating the substation, which will support the further development of the White City Campus and the local area. Construction work is expected to take approximately two years to complete.

**Scale Space deliveries**  
During March, multiple deliveries of large goods will take place on site. The site team are working to ensure minimum disruption to surrounding roads and local residents.

---

**Open Doors**  
Join contractors ISG for a behind the scenes tour of the Michael Uren Biomedical Engineering Research Hub as part of Open Doors – a week-long event opening up construction sites in the UK.  
When: 18–23 March  

---

**GET IN TOUCH**  
To contact us with a general enquiries about construction or building management, please email Sarah King, our White City Campus Manager, at s.king@imperial.ac.uk  
For urgent and out of hours enquiries, please call our Security Team on 020 7589 1000.
