REPORTING A CONCERN

How to share information

There are a number of routes to share information:

- Notification to your supervisor/line manager who will then contact the relevant University contacts for advice
- A [Safeguarding Incident Reporting Form](#) sent to your [Safeguarding contacts](#)
- Via the [Report and Support tool](#)

Additional Information:

- You can anonymise the details of an adult of concern if you have not gained consent to share their information
- You should share information, even if you do not have the full picture or just want some advice on a 'no names/confidential' basis.
