

Variations to the 2020-21 Dates of Term: <http://www.imperial.ac.uk/admin-services/registry/term-dates/>

- full-time undergraduate degree programmes, including undergraduate placement arrangements (study abroad and industrial/research).
- full-time postgraduate masters programmes in the Imperial College Business School

Please note: A study abroad or year in industry placement might commence/end significantly earlier/later than the academic year at Imperial College and/or require attendance longer than the equivalent academic year at Imperial College. A study abroad placement may occasionally incorporate a further placement in industry or at a research establishment the location of which may differ from the approved host higher education institution

Department of Aeronautics

Course Code	Course Title	Details of Arrangements
H401	Aeronautical Engineering (MEng)	4-month project in industry, at a research establishment, or at an approved higher education institution, either in the UK or abroad, in Year 4
H410	Aeronautical Engineering with a Year Abroad (MEng)	Year 3 is spent at an approved higher education institution, <i>From 2019-20 entry onwards the placement will take place in Year 4 as a replacement year in a 4-year degree <u>or</u> in Year 4 as an additional year of a 5-year degree.</i>
H420	Aeronautical Engineering with a Year in Industry (MEng)	Year 4 is spent undertaking a placement in industry (normally a 12-month placement)
H415	Aeronautics with Spacecraft Engineering (MEng)	4-month project in industry, at a research establishment, or at an approved higher education institution, either in the UK or abroad, in Year 4

Department of Bioengineering

Course Code	Course Title	Details of Arrangements
BHV1	Biomedical Engineering with a Year Abroad (MEng)	Year 4 is spent at an approved higher education institution
BHV2	Biomedical Engineering with a Year in Industry (MEng)	Year 4 is spent on an industrial placement (normally a 12-month placement)
H163	Molecular Bioengineering with a Year Abroad (MEng)	Year 4 is spent at an approved higher education institution

H162	Molecular Bioengineering with a Year in Industry (MEng)	Year 4 is spent on an industrial placement (normally a 12-month placement)
------	---	--

Department of Chemical Engineering

Course Code	Course Title	Details of Arrangements
H802	Chemical Engineering with a Year Abroad (MEng)	Either Year 3 is spent at an approved higher education institution in France, Germany, Spain, Switzerland, USA, Singapore or Australia or Year 4 is spent at an approved higher education institution in France, the Netherlands or Sweden (and one approved partner in Spain). However, under the new curriculum (2019-20 entry onwards) the Year 4 option is removed.

Department of Chemistry

Course Code	Course Title	Details of Arrangements
FN11	Chemistry with Management and a Year in Industry (BSc)	Year 4 spent on a placement in industry (normally for a 12-month placement)
F105	Chemistry with a Year in Industry (MSci)	Year 4 spent on a placement in industry (normally for a 12-month placement)
F125	Chemistry with Medicinal Chemistry and a Year in Industry (MSci)	Year 4 spent on a placement in industry (normally for a 12-month placement)
F1FH	Chemistry with Molecular Physics and a Year in Industry (MSci)	Year 4 is spent on a placement in industry (normally for a 12-month placement)
F104	Chemistry with Research Abroad (MSci)	Year 4 is spent at an approved higher education institution.
F101	Chemistry with Research Abroad and a Year in Industry (MSci)	Year 4 is spent on a placement in industry and Year 5 at an approved higher education institution.
F1R1	Chemistry with French for Science (MSci)	Year 4 is spent at an approved higher education institution.
F1R2	Chemistry with German for Science (MSci)	Year 4 is spent at an approved higher education institution.
F1R4	Chemistry with Spanish for Science (MSci)	Year 4 is spent at an approved higher education institution.

Department of Civil & Environmental Engineering

Course Code	Course Title	Details of Arrangements
H202	Civil Engineering with a Year Abroad (MEng)	Year 4 is spent at an approved higher education institution

Department of Computing

Course Code	Course Title	Details of Arrangements
G401	Computing (MEng)	6-month placement in industry commencing 1 April in Year 3.
G402	Computing (International Programme of Study) (MEng)	6-month placement in industry commencing 1 April in Year 3, followed by Year 4 abroad at an approved higher education institution. The placement in industry and the year abroad should not normally overlap. <u>University of California Exchange ONLY</u> : Year 3 spent initially at a campus of the University of California, followed by a 6-month industrial placement commencing 1 April.
G501	Computing (Management and Finance) (MEng) *	6-month placement in industry commencing 1 April in Year 3.
GG47	Computing (Visual Computing and Robotics) (MEng) *	6-month placement in industry commencing 1 April in Year 3.
G700	Computing (Artificial Intelligence and Machine Learning) (MEng) *	6-month placement in industry commencing 1 April in Year 3.
G600	Computing (Software Engineering) (MEng)	6-month placement in industry commencing 1 April in Year 3.
G610	Computing (Security and Reliability) (MEng)	6-month placement in industry commencing 1 April in Year 3.
GG41	Mathematics and Computer Science (MEng)	4-month placement in industry commencing 1 May in Year 3.

* including predecessor programme titles

Dyson School of Design Engineering

Course Code	Course Title	Details of Arrangements
28G3	Design Engineering (MEng)	6-month placement in industry commencing 1 April in Year 3

Department of Earth Science & Engineering

Course Code	Course Title	Details of Arrangements
F601	Geology with a Year Abroad (MSci)	Year 3 is spent at an approved higher education institution
F664	Geophysics with a Year Abroad (MSci)	Year 3 is spent at an approved higher education institution
F520	Earth and Planetary Science with a Year Abroad (MSci)	Year 3 is spent at an approved higher education institution

All undergraduate degree programmes taught by the Dept of Earth Science and Engineering have extensive fieldwork throughout the course including the summer vacations. Details from the Dept of Earth Science and Engineering.

Department of Electrical & Electronic Engineering

Course Code	Course Title	Details of Arrangements
H601	Electrical & Electronic Engineering with a Year Abroad (MEng)	Students may opt to undertake a 6-month placement in industry from April to September in Year 3 followed by Year 4 spent at an approved higher education institution. The placement in industry and the year abroad should not normally overlap.
GH56	Electronic and Information Engineering (MEng)	Students may opt to undertake a placement in industry from April to September in Year 3.
H6N2	Electrical and Electronic Engineering with Management (MEng)	Students may opt to undertake a placement in industry from April to September in Year 3.
HG6M	Electronic and Information Engineering with a Year Abroad (MEng)	Students may opt to undertake a 6-month placement in industry from April to September in Year 3 followed by Year 4 spent at an approved higher education institution. The placement in industry and the year abroad should not normally overlap.
H604	Electrical & Electronic Engineering (MEng)	Students may opt to undertake a placement in industry from April to September in Year 3.

Department of Life Sciences

Course Code	Course Title	Details of Arrangements
C102	Biological Sciences with Research Abroad (BSc)	Year 3 is spent at an approved higher education institution.
C110	Biological Sciences with a Year in Industry/Research (BSc)	Normally Year 3 is spent undertaking a placement in industry. Other options can be discussed with the Department of Life Sciences.
C1NF	Biological Sciences with Management and a Year in Industry/Research (BSc)	Year 3 is spent undertaking a placement in industry
C1NA	Biological Sciences with Management with a Year in Industry/Research (BSc)	Year 3 is spent undertaking a placement in industry
C1R1	Biological Sciences with French for Science (BSc)	Year 3 is spent at an approved higher education institution.
C1R2	Biological Sciences with German for Science (BSc)	Year 3 is spent at an approved higher education institution.
C1R4	Biological Sciences with Spanish for Science (BSc)	Year 3 is spent at an approved higher education institution.
C701	Biochemistry with a Year in Industry/Research (BSc)	Year 3 is spent undertaking a placement in industry
C702	Biochemistry with Research Abroad (BSc)	Year 3 is spent at an approved higher education institution.
C7NF	Biochemistry with Management and a Year in Industry (BSc)	Year 3 is spent undertaking a placement in industry
C7NA	Biochemistry with Management with a Year in Industry/Research (BSc)	Year 3 is spent undertaking a placement in industry
C7R1	Biochemistry with French for Science (BSc)	Year 3 is spent at an approved higher education institution.
C7R2	Biochemistry with German for Science (BSc)	Year 3 is spent at an approved higher education institution
C7R4	Biochemistry with Spanish for Science (BSc)	Year 3 is spent at an approved higher education institution
J702	Biotechnology with a Year in Industry/Research (BSc)	Year 3 is spent undertaking a placement in industry
J7R1	Biotechnology with French for Science (BSc)	Year 3 is spent at an approved higher education institution

J7R2	Biotechnology with German for Science (BSc)	Year 3 is spent at an approved higher education institution
J7NF	Biotechnology with Management with a Year in Industry/Research (BSc)	Year 3 is spent undertaking a placement in industry
J701	Biotechnology with Research Abroad (BSc)	Year 3 is spent at an approved higher education institution
J7R4	Biotechnology with Spanish for Science (BSc)	Year 3 is spent at an approved higher education institution

Department of Mathematics

Course Code	Course Title	Details of Arrangements
G104	Mathematics with a Year Abroad (MSci)	Year 3 is spent at an approved higher education institution.

Department of Mechanical Engineering

Course Code	Course Title	Details of Arrangements
H303	Mechanical Engineering with a Year in Industry (MEng)	Year 3 is spent undertaking a placement in industry
H304	Mechanical Engineering with a Year Abroad (MEng)	Year 4 is spent at an approved higher education institution.
H3G1	Mechanical Engineering with a Year in Industry and a Year Abroad (MEng)	Year 3 is spent undertaking a placement in industry and Year 5 at an approved higher education institution.
H3G2	Mechanical Engineering with Nuclear Engineering and a Year in Industry (MEng)	Year 3 is spent undertaking a placement in industry

Department of Physics

Course Code	Course Title	Details of Arrangements
F309	Physics with a Year Abroad (MSci)	Year 3 is spent at an approved higher education institution
F3W3	Physics and Music Performance (BSc)	Special term dates apply for this course which is shared with the Royal College of Music. These will be advised separately.

School of Medicine

Programme year	Course Code	Term dates
BSc Medical Biosciences Years 1,2 & 3 BSc Medical Biosciences with Management	B101 and B111	Sat 3 rd October 2020 – Friday 18 th December 2020 Sat 9 th January 2021 – Friday 26 th March 2021 Sat 24 th April 2021 – Friday 25 th June 2021 Note: Year 3 includes project and placement scenarios.
MBBS Years 1 & 2 Graduate Medicine Years 1 & 2	A100 and A109	Sat 3 rd October 2020 – Friday 18 th December 2020 Sat 9 th January 2021 – Friday 26 th March 2021 Sat 24 th April 2021 – Friday 25 th June 2021
MBBS Year 3 Graduate Medicine Year 3	A100/A109	Sat 12 th September 2020 - Friday 28 th May 2021
Direct Entry Year 1	A300	Sat 5 th September 2020 - Friday 28 th May 2021
MBBS Year 4 Intercalated BSc	A100 Various B900	Sat 26 th September 2020 - Fri 18 th December 2020 Mon 4 th January 2021 - Fri 26 th March 2021 Mon 12 th April 2021 – Fri 28 th May 2021
MBBS Year 5 Graduate Medicine Year 4 Direct Entry Year 2	A100/A109/A300	Saturday 27 th June 2020 - Friday 2 nd July 2021
MBBS Year 6 Graduate Medicine Year 5 Direct Entry Year 3	A100/A109/A300	Sat 18 th July 2020 - Friday 11 th June 2021
Please note		Years 3, 5 and 6 undergraduate medical students do NOT have term dates. The course continues throughout the year. Students are advised to check examination dates before booking holidays because resit examinations frequently and other examinations occasionally fall outside term time.

Imperial College Business School (full-time programmes only)
