

8th July 2008

COLLEGE NOTICE

RECTOR'S AWARDS 2008

Nominations are sought for five Rector's Awards that will be given to members of staff who have made outstanding contributions in the areas listed below. Awards are accompanied by a prize of £2,500.

The deadline for nominations is **31 July** and these should be submitted to Lindsay Comalie (l.comalie@imperial.ac.uk) using a form available on the Staff Development Unit's website: www.imperial.ac.uk/staffdevelopment.

The Rector's Awards for Excellence in Leadership and Management

The panel is looking for nominations for leaders and managers who consistently show exceptional commitment through sustained motivation, inspiration and development of staff and effective networking, collaboration and influence.

The Rector's Equality and Diversity Award 2008

This award recognises the effort and commitment of staff and students who are willing to share in their attempts to eliminate discrimination, promote inclusion, and bring added value to the working and learning environment of the College. It is also designed to honour members of Imperial College Equality and Diversity Groups who have shown outstanding commitment and leadership skills throughout the last 12 months.

The Rector's Awards for Excellence in Customer Service 2008

The Rector's Awards for Excellence in Customer Service is designed to underline the importance the College attaches to good customer service at all levels and to acknowledge the contribution of staff and teams who consistently offer a high standard of service delivery and who are recognised as role models in setting customer service standards.

The Rector's Public Engagement Award 2008

The Public Engagement Award has been established to recognise the activities of those College staff who both promote the public's access to research and academia, and publicise research and its relevance to society as a whole. The College also wishes to reward and recognise staff members who inspire young people in science by providing opportunities to participate in public dialogue about science, and to pursue their career in science.
