COLLEGE NOTICE

DEAN OF THE FACULTY OF ENGINEERING

Professor Nigel Brandon OBE FEng has accepted appointment as Dean of the Faculty of Engineering from 1 October 2017, for a period of 5 years. He will be the Dean-elect from 1 August 2017.

In this role Professor Brandon will be responsible for providing strategic leadership, planning and coordination for the Faculty of Engineering, and for driving continuing excellence in research and education. He will be a senior member of the College's staff, sitting on the College Council, President's Board and Provost's Board.

Professor Brandon joined Imperial as Senior Lecturer in the then TH Huxley School for Environment, Earth Sciences and Engineering in 1998, having previously completed his PhD at Imperial. He transferred to the then Department of Chemical Engineering and Chemical Technology in 2001 and was appointed to the Shell Chair in Sustainable Development in Energy in the Department of Earth Science and Engineering in 2004. He held the role of Director of the Energy Futures Lab from 2005-2014, and was the founder of it as a College global challenge institute in 2009. Professor Brandon is currently Director of the Sustainable Gas Institute, the BG Chair in Sustainable Gas, and Vice-Dean (Research) for the Faculty of Engineering.

Professor Brandon's research is focused on electrochemical devices for energy applications, with a particular focus on fuel cells, electrolyzers, and batteries. He was elected a Fellow of the Royal Academy of Engineering in 2008, and was awarded an OBE for services to UK-China science in 2011.
