COLLEGE NOTICE

CO-DIRECTOR OF THE INSTITUTE FOR MOLECULAR SCIENCE AND ENGINEERING

Professor Amparo Galindo has accepted appointment as Co-Director of the Institute for Molecular Science and Engineering (IMSE) for a term of three years, effective from 1 October 2020. She will work alongside Co-Director Professor Nicholas Harrison.

Professor Galindo joined the College as a Research Fellow in 2000 and was promoted to Professor of Physical Chemistry in 2011. She currently holds the Lilly/RAEng Chair in Pharmaceutical Molecular Systems. Professor Galindo has served as Postgraduate Admissions Tutor and as Director of Postgraduate Studies in the Department of Chemical Engineering.

Professor Galindo's main research interests are in the development of statistical mechanical approaches for complex systems, and their application to processes relevant to industry.
