¹ Conversion fee - students must first have completed the PGCert

² Conversion fee - students must first have completed the PGDip

³ The full-time and part-time PGCert are both completed within the same academic year and so are charged at the same rate.

⁴ There are two streams to the PGCert, students may exit with a PGCert by completing either of the streams and a PGDip by completing both streams, the PGDip fee listed here is for the full PGDip and incorporates the PGCert fee.

The fees for continuing students are calculated against the full time equivalent fees which will increase annually by the RPI value for April in the calendar year the session commences rounded to the nearest £50 and subject to a cap of the new-entrant fee for that session. The fees for each element are then recalculated based on the funding model in place for each cohort. Fees for future years of study may be higher than the fees listed here.
