We've put together this handy brochure that paints a picture of the volunteering experience so you can join us with confidence.

There's a lot of information to take in, so please take your time to read carefully and don't hesitate to get in touch with the team if you have any questions.

For some of these roles, you will require to **attend additional training** so that we can support you and prepare you for a great experience. # FAQs

## How do I sign up?

Go to our volunteer portal [here](#) and follow the instructions.

## Do I have to choose a Zone/role or can I be assigned on the day?

You **don't need to commit to a Zone or role** if you don't want to. You might be an experienced volunteer who enjoys the idea of being assigned anywhere, or you might just not particularly mind where you are placed. Select '**Flexible shift**' from the list, and you can be assigned when you arrive to the area that needs you. It is helpful for us to have flexible volunteers in case of drop outs on the day.

## Can I volunteer in a few Zones on the same day?

Afraid not. To make sure you get the most out of the volunteering experience, we require everyone to stay in the same area for the whole day so that everyone is briefed at the same time and feels confident in their area. But don't worry - your supervisor will rotate the roles regularly throughout the day within the Zone and ensure you aren't bored.

## Are there unlimited spaces on each shift?

No, spaces are **not** unlimited. Look at the number of places available on the list of shifts when you are logged into the volunteer portal. So if you are super keen on volunteering for something in particular, sign up quick!

## I have accessibility needs. Can I volunteer?

Absolutely. Please email the team to discuss your needs and we can advise on where you might be best placed and look at how we can support your volunteering experience - this could include something simple like needing a role that doesn't require a lot of standing, or to be in a quieter area where there aren't as many people and crowds.

## What about lunch?

Not only do we provide you with a yummy lunch from **H-Bar's Kokoro**, we also provide snacks for you throughout the day to keep you energised. Lunch is served in the Volunteer Hub, where you go to exchange your lunch voucher. There is a meat option (which is also halal) and a vegan option for a hot lunch, both of which contain gluten. If you require a gluten free lunch, this is provided by Imperial College Campus Services (sandwich, crisps, fruit and still water).

## Can I volunteer with a friend?

Of course, the more the merrier! If you want to volunteer in the same place, make sure you are both signed up to volunteer in that Zone - then you'll be together all day. But remember, you will make new friends during the day with your team, so don't be afraid to volunteer solo.
