

## 2022 President's Award for Excellence in Societal Engagement

### Award Guidelines

#### The Achievement Award for Societal Engagement (Deadline – 21 March 2022)

This Award is open to **individuals or teams** who have taken the initiative to deliver high-quality engagement activities with the public, schools, community groups and/or patients, going above and beyond the expectations of their role. This could include:

- Developing innovative approaches to engagement
- Developing a collaborative approach to engagement with other departments and/or external partners
- Implementing high-quality engagement activities, programmes or events
- Sharing advice and experiences in engagement with others

In order to be considered for this Award, the nominee(s) should have been integral to the delivery of the activity, i.e. it is unlikely that the activities would have happened without their involvement.

The engagement should have achieved **one or more** of the following:

- a) Improved the learning opportunities of less-advantaged young people, as part of our widening participation and schools engagement aims.
- b) Engaged the public with research through a process of two-way engagement.
- c) Worked in close partnership with local community and/or patient groups in response to a social and/or research challenge.

All nominations should be underpinned by an aspiration to better connect the work of Imperial and our research with society.

There are two awards available for this category, individual and team, and the winning nominations will receive a prize of £250.
