Welcome to 1st Year Aeronautical Engineering Students

Professor Paul Robinson
Head, Aeronautics Department

1 October 2018
A good time to study aeronautical engineering

Flightpath 2050 Environmental Goals

• 75% reduction in CO$_2$ emissions per passenger kilometre
• 90% reduction in NOx emissions
• 65% reduction in perceived noise (relative to typical new aircraft in 2000)
A good time to study aeronautical engineering
Why aeronautics at Imperial?

Academic staff

Support staff

Flight simulator – & much more

YOU!

(& everyone around you)
Some advice

Lectures: ask questions if you don’t understand something

Keep up with tutorials

AND…..

Enjoy your time at university
Best wishes for a successful year
