Welcome back to 4th Year Students

Professor Paul Robinson
Head, Aeronautics Department

2 October 2018
Welcome back

Congratulations on completing three years of the course.

4th year counts 1/3 of your degree
Some advice

Only one term of lectures ……. and then exams immediately after the Christmas break. Stay on top of everything (tutorial sheets).

Individual project is worth 60% of final year.

Job applications and interviews take a lot of time.

Maintain a good balance between academic studies and university life.
Best wishes for a successful year
