

18TH YOUNG GEOTECHNICAL ENGINEERS SYMPOSIUM

22–23 June 2026

Held at Imperial College London, the Young Geotechnical Engineers Symposium 2026 (YGES 2026) brings together early-career researchers and professionals to discuss emerging challenges and innovative solutions in geotechnical engineering.

YGES 2026 provides an opportunity for young geotechnical engineers to present innovative research and engineering practice, promote dialogue between academia and industry, and strengthen professional connections supporting future collaboration and career development within the geotechnical community.

Key Dates

- Extended Abstract Submission Deadline: March 31
- Acceptance Notification: May 1
- Early-Bird Registration Deadline: May 15
- Registration Deadline: June 1
