Healthy volunteers needed

We are looking for healthy volunteers aged between 30 and 70, for participation in a study where we are examining the degree of exposure to environmental pollution and the potential effect of the pollution on your lungs.

This study involves wearing a monitor and obtaining samples of blood, urine and sputum (phlegm).

You should be a resident or work in West London area.

If you are interested or would like more information, please contact:
Ms Sally Meah
in Respiratory Research Unit
at Royal Brompton Hospital
Tel: 020 7351 8051 or e-mail: sally.meah@imperial.ac.uk

This study has been approved by the Dulwich Research Ethics Committee.

You will be reimbursed for expenses occurred whilst participating in this study.

Asthma volunteers needed

We are looking for subjects with asthma, aged between 30 and 70, for participation in a study where we are examining the degree of exposure to environmental pollution and its potential effect on your asthma.

This study involves wearing a monitor and obtaining samples of blood, urine and sputum (phlegm).

You should be a resident or work in West London area.
