The Rio Tinto Scholarship provides support for students who are nationals of Chile, China, Mongolia or South Africa and demonstrate exceptional academic merit or potential.

The scholarship covers course fees and a stipend for the duration of the scholar's undergraduate degree programme in Geology or Geophysics at Imperial College London. Rio Tinto will support two scholars for 2018 intake and two scholars for 2019 intake.

**Eligibility**
Incoming students for the Geology or Geophysics undergraduate programmes in the Department of Earth Science and Engineering at Imperial College London who are citizens of Chile, China, Mongolia or South Africa are eligible to apply.

**Value**
The total value of the Rio Tinto Scholarship is £45,000 GBP per annum, to cover tuition fees and a stipend.

Application is by online form
