

Faculty of Natural Sciences Student Staff Committees 2022/23

Faculty Undergraduate and Master's SSC Terms of Reference and Reporting Structure

The Faculty SSCs normally meet once each term. In these meetings student representatives make the opinions of students known to staff in an informal and non-confrontational environment. The purpose of the committee is:

- To provide a forum to discuss academic and non-academic matters that are relevant to students in more than one Department within the Faculty (including *e.g.* welfare and accommodation) and for which a perspective broader than that possible in a Departmental Staff-Student Committee would be valuable.
- To share good practice across the Faculty's Departments.
- To allow Student Representatives to interact constructively with Faculty staff to explore ways to improve the Educational experience in the College.

Actions arising from these meetings will be addressed by the Vice-Dean (Education), Faculty Operating Officer, DUGSs/ DPSs and HODs. The Faculty SSC will formally report to the Faculty Education Committee, which in turn reports to Faculty Management Committee and College Programmes Committee. Departmental Student Staff Committees report to their respective Department Teaching Committees, which in turn report to their Department Management Committees.
