Have your say!
Help us make healthcare safer and prevent mistakes

We all expect our healthcare to be safe. But mistakes can happen that may put patients at unnecessary risk.

Please help us by filling out a survey asking public and healthcare staff for their concerns and questions about safe care for adults with complex health needs.

People with complex health needs have more than one illness or condition, or need care from more than one service, or care in more than one place.

For more information please visit:
https://hlxc.uk/pstrc-jla

How to participate:

Online
If you have a QR reader on your smartphone, scan this to complete the survey online, or go to:
https://hlxc.uk/safer-healthcare or
https://imperial.eu.qualtrics.com/jfe/form/SV_5SVATbyojCFdSYd

By Post
If you would like a paper survey and free post envelope or have any questions, please contact Anna on 020 7594 3149 or at a.lawrence-jones@imperial.ac.uk
