

## Accessibility statement for Shiny App on Imperial website

This accessibility statement applies to content published on the [Shiny App](#). It does not apply to content accessed via any other domains, subdomains or third-party applications.

This app is run by Imperial School of Medicine [School of Public Health](#). We want as many people as possible to be able to use this website. For example, that means you should be able to:

- change colours, contrast levels and fonts using browser or device settings
- zoom in up to 400% without the text spilling off the screen
- navigate most of the website using a keyboard or speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We have also made the text as simple as possible to understand.

[AbilityNet](#) has advice on making your device easier to use if you have a disability.

### How accessible this app is:

Internal accessibility testing has been completed through a combination of manual evaluation across multiple browsers and assistive technology configurations, supported by automated testing. An external specialist accessibility audit will also be commissioned within six months of the application's launch to provide an in-depth, independent assessment. We remain committed to continuously improving the application to achieve the highest possible level of accessibility.

### Feedback and contact information

If you need information on this App in a different format like accessible PDF, large print, easy read, audio recording or braille please contact [k.katsanovskaja@imperial.ac.uk](mailto:k.katsanovskaja@imperial.ac.uk) or [k.ougham@imperial.ac.uk](mailto:k.ougham@imperial.ac.uk)

We will consider your request and get back to you within seven working days.

.

### Reporting accessibility problems with this website

We're always looking to improve the accessibility of this website. If you find any problems not listed on this page or think we're not meeting accessibility requirements, please contact [k.katsanovskaja@imperial.ac.uk](mailto:k.katsanovskaja@imperial.ac.uk) or [k.ougham@imperial.ac.uk](mailto:k.ougham@imperial.ac.uk)

### Enforcement procedure

The Equality and Human Rights Commission (EHRC) is responsible for enforcing the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018 (the 'accessibility regulations'). If you're not happy with how we respond to your complaint, [contact the Equality Advisory and Support Service \(EASS\)](#).

## Technical information about this App's accessibility

Imperial School of Medicine is committed to making this App accessible, in accordance with the [Public Sector Bodies \(Websites and Mobile Applications\) \(No. 2\) Accessibility Regulations 2018](#).

### Compliance status

This App has been tested against the WCAG 2.2 AA standard.

This app is partially compliant with the [Web Content Accessibility Guidelines version 2.2](#) AA standard, due to the non-compliances and exemptions listed below

We remain committed to improving accessibility and welcome feedback to help us identify and address any barrier

### Non-accessible content

- 1- There may be issues regarding "speech to text" supportive technologies as this was not tested. This will fail various WCAG standards such as 4.1.2 Name, role, Value or 1. 3.1. Info and Relationships. We will make sure that this app's external audit will include such supportive tech responsiveness. And resolve any found issues accordingly.

### Disproportionate Burden

N/A.

## Content that is not within the scope of the accessibility regulations

### PDFs and other documents

The accessibility regulations [do not require us to fix PDFs or other documents published before 23 September 2018](#) if they're not essential to providing our services.

No PDF is used.

Any new PDFs or Word documents we publish will meet accessibility standards.

### Live videos

We do try our best to add captions to live videos as much as possible, even though live video is [exempt from meeting the accessibility regulations](#).

## What we're doing to improve accessibility

We are working on the findings of our latest accessibility testing and are aiming to resolve all issues listed under Non-compliance section above. We are aiming to meet the WCAG 2.2 AA standards as best as we can with all our new content.

## Preparation of this accessibility statement

This statement was prepared on 5 March 2026, Last reviewed on 6 March 2026

This App was last tested on 3 March 2026

The test was carried out internally.:

### Test environments

- Keyboard only navigation
- Zoom on Edge, Chrome (Windows) and Safari (iOS) at 200% and 400%
- Edge 139- NVDA (desktop screen reader)
