

**Mike Emerson**

**Language(s) Spoken:** English

**Role:** Professor of Cardiovascular Pharmacology, Vascular Science Section

**Bio:** As Director of Tutoring I have a lot of experience of supporting students with a range of mental health issues and have seen how appropriate support can transform life quality and performance. It is important that we clearly signpost this support to colleagues in NHLI and normalise mental health struggles.

I'm approachable and always happy for colleagues to get in touch if they need guidance or simply want to talk something through.
