

Name: Chris Deaks

Age: 26

Course: MSc Immunology

## Bio

After graduation, Chris joined a Graduate Scheme in a large organisation but realised the organisation did not align with his values and has decided to return to study.

He is reasonably effective at decision making but thinks he is better than he actually is.

Chris is anxious about returning to education.

## Goals

- To secure employment or a better position, potentially on a different, still unknown, career path

## Frustrations

- Concern re. loss of salary
- Lack of time especially with additional commitments

## Motivations

Knowing exactly what sort of job he'd like to do (confidence)

Concern about what comes after university studies (fear)

Seeking opportunities to develop and learn (growth)
