

WARRIORS trial

Newsletter Issue 1

Trial Updates

- WARRIORS TRIAL is officially open to recruitment, with our first site (Imperial College Hospital) being activated on 26-Jan-2026!
- Our made-to-purpose clinical database is now live on OpenClinica.
- SA02 approvals received and Protocol (V3.0), PIS (V4.0) and ICF (v3.0) updated.

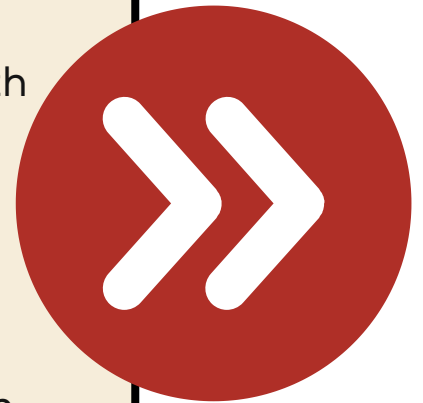

Reminders

- Please do not commence any recruitment or trial activities till local contracts are signed, SIV is completed and greenlight for activation is provided by the central team.
- All staff members on the trial will need to complete OpenClinica training ([OpenClinica 4.0 training](#)), Florence eTMF training ([Florence User Training](#)) and provide us with updated CV and GCP documentation before being granted access.
- Every country should have their own TMG and schedule monthly TMG meetings - more information to come regarding International TMG meetings.

Up Next

- The next UK sites to be opened are St Georges, North Midlands, Leicester and Tayside.
- WARRIORS trial is in active set-up with Denmark, Netherlands, New Zealand, Finland, Belgium and Sweden.
- Future newsletters will provide exciting recruitment updates!
