**King-size solid beech effect headboard (used)**

King size solid beech effect headboard from *Dreams* to sell. Item is still in very good condition - this includes the legs (one of the legs happens to be made of darker coloured wood). Item is being sold due to a smaller bed having been bought requiring a smaller headboard.

Collection only please due to the size and weight of the item, however I would probably be able to deliver, upon request, within a 30-min radius of my SM6 0AP postcode in the LB of Sutton (south London) against a contribution to the cost of delivery.
