Programme Overview

The MSc in Strategic Marketing is offered over 24 months. It is a two- year, part-time programme that transforms ambitious professionals into responsible business leaders with a deep understanding of **marketing from a strategic perspective**. Drawing on our world-class faculty and thought- leaders, our programme provides a uniquely “Imperial College view” of marketing, i.e., one where marketing fundamentals intersect with the **latest thinking and tools in strategy, technology and innovation**, and where marketing science is blended with managerial insights, ethical thinking and **data-driven decision making**. The **programme** equips students with the strategies, cutting edge thought leadership, and tools to develop solutions to real-world business challenges through online lectures, live sessions, workshops, practical activities, interaction with students around the world, and expert talks.

The programme comprises nine compulsory modules which are taught across the first year and the first term of the second year. Students also choose six electives from a range of topics offered from the summer of the first year through to the spring term of the second year. The programme culminates in a work-based summative project or case study.

Before they start the programme, students need to complete on-line interactive primers in Maths, Accounting, Data Analysis, Study Skills, Marketing Fundamentals and Plagiarism Awareness.
