Date of introduction of programme		October 90	
Date of programme specification/revision		February 25	

Programme Overview
<p>The Full-time MBA is an intensive 12-month programme of study providing comprehensive and contemporary learning of all aspects of business and management. The programme is aimed at mid-career professionals seeking to develop the knowledge, skills and value systems required to advance to positions of responsibility and leadership within organisations. The programme emphasises purposeful leadership, an innovative mindset and practice-relevant application, to be pursued as part of cohorts that are highly international, diverse and united by a common desire to achieve high impact.</p> <p>To this purpose, the programme combines academic rigour and practical relevance. There is a careful balance of classroom teaching, independent learning, and applied project work, both individual and in groups. Case study methodology and class-based discussions are used to develop and strengthen conceptual, critical-thinking and problem-solving skills. In addition, there is regular exposure to practitioners and executives from leading organisations, via guest lectures, speaker events and small-scale networking.</p> <p>The programme comprises nine compulsory modules which cover all the key management and business disciplines. You can then shape your own curriculum by taking two “flexcore” modules (chosen from a small number of key elective modules) and six elective modules from the full elective portfolio, as well as internship and project options. You may optionally combine your “flexcore” and elective options to form a concentration (analytics, finance, entrepreneurship, ESG and Stakeholder Governance, Digital Strategy and Transformation).</p> <p>The programme also includes a leadership module, which spans the full year of the programme. This module includes the academic-led LEADS, which is aimed at developing and practicing leadership skills via a personal journey incorporating Leadership, Ethics, Awareness, Diversity and Societal Impact. It also includes the Personal Leadership Journey (PLJ), providing highly practical elements focused on communication, networking and careers strategy, and the Global Experience Week – a one-week international experience aimed at developing your leadership skills in a cross-cultural context. The programme further features a set of modules that are based on project work and practice-based assignments, requiring you to deploy learnings from all compulsory modules. These include the Strategic Consulting Project, Entrepreneurial Journey, Finance Project, Analytics Project, Business Project/Internship and the Imperial Innovation Challenge, as part of the Innovation and Entrepreneurship compulsory module. It may be possible for projects to be carried out partly or wholly at an external organisation and requests will be considered on a case by case basis.</p> <p>If you secure an extended Work Placement opportunity (4-6 months in duration) or Exchange opportunity you will be able to transfer to the 16 month Programme Option in consultation with the Academic Director.</p>
Learning Outcomes
<p>The programme aims to provide both a conceptual foundation in management which draws on insights from academic research into management and business practice, and an application-focused guidance on problems and practices in modern management.</p> <p>Programme Learning Outcomes</p> <p>Upon completion of this programme, you will be able to:</p>

- Analyse organisations and their environment, using analytical tools from all management disciplines, as well as selected areas of specialisation;
- Evaluate the sustainability of organisations' strategy and performance, taking into account the whole spectrum of stakeholders;
- Select analytical techniques to apply to decision-making processes in organisations and to present their analyses clearly and persuasively;
- Apply innovative thinking and leadership to the management of industry, services and enterprise on an international basis;
- Demonstrate you have developed your personal skills to enhance your effectiveness as leaders and as managers.

The Imperial Graduate Attributes are a set of core competencies which we expect students to achieve through completion of any Imperial degree programme. The Graduate Attributes are available at:
<https://www.imperial.ac.uk/about/education/our-graduates/>

Entry Requirements

Academic Requirement	<p>Normally a 2:2 UK Bachelor's Degree with Honours (or a comparable qualification recognised by the university).</p> <p>The Business School does not award credit for Prior Learning (Recognition of Prior Certified Learning (RPCL) or Recognition of Prior Experiential Learning (RPEL)).</p>
Non-academic Requirements	<p>Exceptionally an acceptable professional qualification:</p> <p>Full membership of: Association of Chartered Certified Accountants (ACCA) Any Institute of Chartered Accountants in the UK or Ireland Chartered Institute of Public Finance and Accounting.</p> <p>Associateship or Fellowship of: Chartered Institute of Management Accountants (CIMA) or relevant national and international equivalents</p> <p>The programme will make use of the diversity of student experience and background available in the cohort.</p> <p>You'll need a minimum of two years' continuous relevant full-time work experience after graduation.</p> <p>Two professional references are required.</p>
English Language Requirement	<p>Higher requirement (PG) Please check for other Accepted English Qualifications</p>
Admissions Test/Interview	Yes

Candidates are required to have a valid GMAT or GRE score as part of their application to the Full-Time MBA.

We recommend a minimum GMAT score of 600, although a stronger score will add more weight to your application. If you are taking the GRE, we recommend a minimum score of 156 in the verbal, and 158 in the quantitative sections.

You may be asked by the Admissions Committee to retake the GMAT/GRE if they feel that your current score is too low.

Each cycle we are able to offer a small number of waivers to candidates. To be considered for a waiver, you need to demonstrate exceptional academic performance and evidence of strong quantitative skills.

If you do not qualify for a waiver, you are required to submit a valid GMAT or GRE score as part of your application. Your application will not be complete until this is received, and therefore will not be processed by our admissions team and may be withdrawn.

Candidates are required to take an online interview via the Kira Talent platform. All interviews are reviewed and scored as part of the Admissions process. Candidates that are successful at the application stage will also be invited to attend an Admissions interview.

Candidates who do not hold a first degree (but have suitable experience and/or professional qualification) may be eligible for an alternative entry route onto the MBA, via a Special Qualifying Examination

Learning & Teaching Approach

Learning and Teaching Delivery Methods

Teaching

The programme combines academic rigour and practical relevance. There is a careful balance of teaching and learning, individual and group work. Case study methodology and class-based discussions are used to strengthen the conceptual, analytical and problem-solving skills of the participants in real situations. In addition, there are regular seminars by external expert speakers.

- Lectures
- Practical classes and field work
- Equipment/technique demonstrations (e.g. Bloomberg, DataStream)
- Seminars
- Workshops
- Case studies
- Group work exercises
- Formal presentations

Independent learning

You are expected to spend significant time on independent study outside of face-to-face contact time. This will typically include accessing resources online, reading journal articles and books, undertaking research in the library, reviewing lecture notes and watching lecture recordings, working on individual and group projects, working on coursework assignments and revising for exams.

- Pre-programme VLE modules
- On-line discussion forums
- On-line lecture materials
- Interactive content including video and module quizzes

Overall Workload

The overall workload consists of face-to-face sessions and independent learning. While the actual contact hours may vary according to the elective modules you choose to study, the following gives an indication of how much time you will need to allocate to different activities at each level of the programme. At Imperial, each ECTS credit taken equates to an expected total study time of 25 hours. Therefore, the expected total study time is 2,250 hours for the MBA programme.

Assessment Strategy

Assessment Methods

Modules will be assessed by one or more of the following types of assessment methods:

- Essays
- Continuous assessments
- Written Examinations/Tests
- Multiple Choice Tests
- Formal Presentations

- Reports
- Case Studies
- Class Participation

Assessed modules comprise coursework that is designed to help you master key elements of the subject and, in part, to help prepare you for the final assessment, which is typically a report or examination. Examinations are scheduled throughout the year, generally at the end of the term the module is taught or at the start of the subsequent term. The format of examinations may be written, computer-based or timed remote assessment.

Coursework weighting varies among modules. The various assessments allow you to demonstrate that you have met the intended learning outcomes for each module and these collectively contribute towards your achievement of the programme's learning outcomes, detailed above.

Assessments are designed to ensure that you have acquired the core knowledge and skills expected of a Business School graduate and that you are able to apply these in your career aspirations upon completion of the programme.

Balance of assessment

Compulsory modules

Coursework – 70%

Exam – 30%

Elective modules

Varied by Group A modules selection. Predominately Coursework.

Leadership & Integrative modules

Coursework – 100%

Academic Feedback Policy

Feedback can take many forms. During lectures and classes, you will receive verbal feedback on the ideas that you contribute to discussions and on in-class presentations. The online teaching materials contain exercises with built-in, immediate, feedback that is received when you submit an answer.

The School aims to provide feedback on coursework within four weeks. This will be sent in written form to the individual or the group, as appropriate. Academic staff may also provide verbal feedback of a general nature in class or posted to our virtual learning environment. Office hours offered on all modules also provide an opportunity for individual feedback.

The School aims to provide provisional examination grades 25 days from the end of the exam period. General feedback to the cohort is provided on examination performance, usually in written form. If you need to resit an examination, you may also approach the module leader for feedback on your performance in the first sitting.

You will be provided with a percentage grade for coursework and examinations with the final numerical mark only confirmed after the Board of Examiners Meeting and then released by Registry. Grades received during the year are deemed provisional until confirmed by the Final Board of Examiners.

Imperial's Policy on Academic Feedback and guidance on issuing provisional marks is available at: www.imperial.ac.uk/about/governance/academic-governance/academic-policy/exams-and-assessment/

Re-sit Policy

Imperial's Policy on Re-sits is available at: www.imperial.ac.uk/about/governance/academic-governance/academic-policy/exams-and-assessment/

Mitigating Circumstances Policy

Imperial's Policy on Mitigating Circumstances is available at: www.imperial.ac.uk/about/governance/academic-governance/academic-policy/exams-and-assessment/

Additional Programme Costs		
This section should outline any additional costs relevant to this programme which are not included in students' tuition fees.		
Description	Mandatory/Optional	Approximate cost
International Exchange	Elective	Flights, accommodation, meals and other expenses vary dependent on student location.
'Glocal Electives'	Elective	Flights, accommodation, meals and other expenses vary dependent on student location.
Extended Programme	Mandatory	Students wishing to transfer to the 16-month programme will be required to pay a fee of £1500
Extended Programme	Optional	Varies according to location of extended work placement

Important notice: The Programme Specifications are the result of a large curriculum and pedagogy reform implemented by the Department and supported by the Learning and Teaching Strategy of Imperial College London. The modules, structure and assessments presented in this Programme Specification are correct at time of publication but might change as a result of student and staff feedback and the introduction of new or innovative approaches to teaching and learning. You will be consulted and notified in a timely manner of any changes to this document.

Programme Structure (12 month) ¹					
Year 1 – FHEQ Level 7 You will study all compulsory modules. If you wish to specialise in Finance or Analytics then we provide recommended tracks to study. You are required to select two elective modules from Group A Plus 30-32.5 ECTS of electives from Group A or B Plus one elective from Group C Plus one elective from Group D.² Those who choose the analytics or finance project from Group C may also choose EJ or SCP to contribute towards their 30 ECTS of electives from groups A/B.					
Code	Module Title	Core/ Compulsory/ Elective	Group	Term	Credits

¹ **Core** modules are those which serve a fundamental role within the curriculum, and for which achievement of the credits for that module is essential for the achievement of the target award. Core modules must therefore be taken and passed in order to achieve that named award. **Compulsory** modules are those which are designated as necessary to be taken as part of the programme syllabus. Compulsory modules can be compensated. **Elective** modules are those which are in the same subject area as the field of study and are offered to students in order to offer an element of choice in the curriculum and from which students are able to select. Elective modules can be compensated.

² All Business School elective modules are equally weighted. Exchange modules taken at partner institutions are graded pass/fail and are zero weighted. If passed, the ECTS gained will count towards those required to achieve the target award, but performance in these modules will not further affect the degree classification.

Award and Classification for Postgraduate Students

Award of a Postgraduate Degree (including MRes)

To qualify for the award of a postgraduate degree a student must have:

1. accumulated credit to the value of no fewer than 90 credits at level 7;
2. and no more than 15 credits as a Compensated Pass;
3. met any specific requirements for an award as outlined in the approved programme specification for that award.

Classification of Postgraduate Taught Awards

The university sets the class of Degree that may be awarded as follows:

1. Distinction: 70.00% or above
2. Merit: 60.00% or above but less than 70.00%.
3. Pass: 50.00% or above but less than 60.00%.

For a Masters, your classification will be determined through the Programme Overall Weighted Average meeting the threshold for the relevant classification band.

Your degree algorithm provides an appropriate and reliable summary of your performance against the programme learning outcomes. It reflects the design, delivery, and structure of your programme without unduly over-emphasising particular aspects

Programme Specific Regulations

Imperial's Academic and Examination Regulations can be found at:

www.imperial.ac.uk/about/governance/academic-governance/regulations

Imperial College London is an independent corporation whose legal status derives from a Royal Charter granted under Letters Patent in 1907. In 2007 a Supplemental Charter and Statutes was granted by HM Queen Elizabeth II. This Supplemental Charter, which came into force on the date of Imperial's Centenary, 8th July 2007, established Imperial as a University with the name and style of "The Imperial College of Science, Technology and Medicine".

This document provides a definitive record of the main features of the programme and the learning outcomes that you may reasonably be expected to achieve and demonstrate if you take full advantage of the learning opportunities provided. This programme specification is primarily intended as a reference point for prospective and current students, academic and support staff involved in delivering the programme and enabling student development and achievement, for its assessment by internal and external examiners, and in subsequent monitoring and review.
