

Pharmacology of stem cell research & regenerative medicine

In association with the BPS Winter Meeting

CPD approval applied for

Organizers:

*Professor Sara Rankin &
Professor Sian Harding
(Imperial College London)*

Programme:

*09:00 Introduction: An overview of stem cell
biology -Sara Rankin*

*09:30 Embryonic stem cells and iPSC in pharmacological
research (1)
-Nadire Ali*

*10:00 Embryonic stem cells and iPSC in pharmacological
research (2)
-Sian Harding*

*11:15 Clinical trials and stem cell therapies
-Sara Rankin*

*13:15 Ethics of stem cell research debate & small group visit to stem cell
laboratories
-Sian Harding*

*14:45 Invited speakers
Musculoskeletal regenerative therapeutics: from racehorses to man
-Roger Smith, CellVet/RVC*

*15:45 Regulatory hurdles in the development of a
stem cell therapy
-Julie Daniels, UCL*

*16:15 Regenerative medicine through targeting endogenous
stem cells - an industrial perspective
-Paul Whiting, Pfizer*

£75.00 (academia); £150.00 (industry)
